ACKNOWLEDGEMENTS

I am deeply indebted to my research guide, Dr. K.K. George, Professor, School of Management Studies, Cochin University of Science and Technology for his sustained encouragement, valuable guidance and extreme patience with my work throughout the period of this study.

I am indebted to Dr. C.T.S. Nair I.F.S., former Director, Kerala Forest Research Institute and currently Senior Programme Advisor, Forestry Support Programme for Asia Pacific, Bangkok, for providing a perspective for analysing forestry issues.

I am grateful to Dr. S. Chand Basha I.F.S., former Director, KFRI, for providing research project funds to carry out the field work for this study.

I am grateful to Dr. K.S.S. Nair, Director, KFRI for his encouragement and for providing all facilities.

I am grateful to Professor P.P. Pillai, Head of the Department of Economics, Calicut University; Dr. C. Chandrasekharan, former Regional Forest Economist, FAO; Professor P.S. George, Dr. K. Narayanan Nair and Dr. D. Narayana, Faculty Members of Centre for Development Studies, Thiruvananthapuram, for clarifying certain analytical issues.

I am extremely grateful to Mr. C.N. Krishnankutty, Scientist, Division of Statistics, KFRI, for sparing a considerable amount of his time and for his valuable suggestions for improving the earlier drafts.

I am grateful to Dr. P.K. Muraleedharan, Forest Economist and Dr. K. Jayaraman, Statistician, KFRI, for their help in various ways. I am grateful to Mrs. V. Anitha Pradeep, Research Fellow, Division of Economics, for her valuable comments on the manuscript.
I am grateful to Mr. K. Sankara Pillai, Librarian, Mr. K.C. Chacko, Dr. Gnanaharan, Mr. Thomas P Thomas, Dr. K.V. Sankaran, Dr. M. Balasundaram and Mr. T. Surendran, Scientists of KFRI for giving constructive suggestions for improving the draft thesis.

Several officers of the Kerala Forest Department have helped me during the study. I am grateful to all of them particularly Mr. K. Balachandran Thampi I.F.S. and Mr. T.M. Manoharan I.F.S., Chief Conservators of Forests.

I am grateful to Mr. V. Cibu and M.R. Sujeendran for assisting in data collection, Ms. C. Rugmini for word processing, Mr. O.S. Mirash for helping in data processing and preparing the layout of the text and Mr. Jose for binding the thesis.

Many colleagues in KFRI have helped me in various ways and I thank them.

The Staff of the Cochin University of Science and Technology have been very helpful and I express my gratitude to them.
