Thesis is the end of my journey in obtaining my Ph.D and in this journey I have not traveled alone. This thesis is an outcome of labour blessed with the support, help, care, encouragement and insightful thoughts of numerous people. At the end of my thesis, I do not want to lose the opportunity of acknowledging those people who in one or the other way helped a lot and whose efforts integrated with that of my own to make the journey successful, making this thesis possible and an unforgettable experience for me. From the depth of my heart I express my deep sincere gratitude to the Almighty for the Blessings He has bestowed upon me.

I would like to express my sincere gratitude to my supervisor, Dr. Mahuya Sengupta, Assistant Professor, Department of Biotechnology, Assam University Silchar, for her continuous support of my Ph.D study and research, for her patience, motivation, enthusiasm, and immense knowledge. Her guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D study. I wish to express my sincere thanks to my co-supervisor, Prof. Gouri Dutta Sharma, Vice Chancellor, University of Bilaspur, Chhattisgarh for the insightful comments and encouragement during the Ph.D study.

I am also grateful to the Head, Department of Biotechnology, Assam University, Silchar for all the infrastructural facilities and his encouragement. Besides, I am grateful to my entire departmental faculty from AUS for their kind inspiration and encouragement. Special thanks to all the research scholars of different laboratories of Department of Biotechnology, Assam University, Silchar. I extend my heartfelt thanks to all technical staffs and all other members of the Department of Biotechnology, Assam University Silchar, for their continuous help and support during the entire period of study. I am also extending my thanks to Head in Charge, Microbiology Department of Silchar Medical College, for technical assistance.

My sincere acknowledgement goes to Officer-in-Charge of Sophisticated Analytical Instrument Facility, North Eastern Hill University, Shillong Meghalaya for permission to carry out scanning electron microscopy studies and AAS. I also thankful to Dr. Sudip Dey (Scientific officer, SEM section, SAIF, NEHU, Shillong) and Dr.Rahul Chakraborty (Technical Assistant, SEM section, SAIF, NEHU, Shillong) for all support.
I extend my sincere thanks to Dr. Ritwik Mazumder, Assistant Professor, Economics Department, Assam University for his valuable support during statistical analysis, encouragement and well wishes. I would like to Dr. Subashish Choudhary, Assistant Professor and Gautam Gope (STA), Central Instrumentation Laboratory, Assam University for their valuable support.

I am indebted to my many colleagues for providing a stimulating and fun filled environment. I owe special thanks to my colleagues Moriom Begam, Shamim Ahmed, Ramkrisna pal, Nilantika Paul and Bishal for their help and support. My thanks go in particular to Dr. Sneha Gang, Dr. Ishita Deb and Dr. Biswajit Chakraborty with whom I started my Ph.D and many rounds of discussions on various topics with them helped me a lot. I am ever indebted to them and I admire their distinguished helping nature. I would like to thank all the stuff member of K.V.Masimpur for their encouragement and help.

I am grateful to my parents Mr. Sunil Kanti Chakraborty and Mrs. Sabitri Chakraborty for giving birth to me. At this juncture I think of my parents whose selfless sacrificial life and their great efforts with pain and tears and unceasing prayers have enabled me to reach the present position in life. I am forever indebted to my mom who has supported me in every step of my life and encourage in attaining my goal.

I am immensely pleased to place on record my profound gratitude and heartfelt thanks to my father in-law Mr. Ajit Datta mother in-law Mrs Geeta Datta and brother in-law Mr. Ankur Datta for their invariable moral support and encouragement in completing my work.

A journey is easier when we travel together. Interdependence is certainly more valuable than independence. Words fail me to express my special thanks to my husband Mr. Arindam Datta, whose patient love enabled me to complete this work. He was always beside me during the happy and hard moments to push me forward and motivate me. Thank you does not seem sufficient but it is with appreciation and respect that I acknowledge my husband for his support, encouragement, care, understanding and precious friendship.

Finally, I thank all those who have helped me directly or indirectly in the successful completion of my thesis. Anyone missed in this acknowledgement are also thanked.
