Acknowledgement

First and foremost, my utmost gratitude to Dr. Parag Phukon, Associate Professor, Department of Geological Sciences, whose active support and guidance made it possible to do this work. His co-operation and selfless act of allowance give me the opportunity to work with him in a healthy environment which accelerated the successful completion my thesis work. I attribute the level of my degree to his encouragement and effort without whom this thesis would not have been completed or written.

I would also like to thank and acknowledge Dr. A. C. Mazumdar (Head of the department), Dr. A. D. Patgiri, and Dr. D. N. Das former head of the department. I am especially grateful to all teachers Dr. B. P. Duarah, Dr. K. P. Sarma, Dr J. L. Laskar, Dr. Sarat Phukon and Dr. Balen Bhagawati for their interaction, helpful suggestion and their inputs especially in the curriculum part of this study.

I am very much grateful to Mr Nabeen Jindal, CMD, Jindal Steel & Power Ltd., Mr. S. K. Sarkar, advisory mines, Mr. M. K. Soni, Supervisory Geologist and my colleagues of Jindal Steel & Power Ltd. to which I belonged. I thank every person who has been my inspiration as I overcome all the hurdle in the completion of this research work.

My friends, especially Anwarul, Dip, Bhupen, Dhruba, Vikram, Lipi, Bobita, Ratamalli, Jupi, Barnali help me to do this work. My grateful thanks are due to all of them.

Last but not the least I am thankful to my family members, relatives and friends for their continuous support and encouragement lead me to concentrate and achieve the task.

Ratul Talukdar
Declaration

I, Ratul Talukdar, hereby declare that the thesis entitled “Geomorphological Study of the Jia Bharali River Catchment, N. E. India” submitted to Gauhati University in fulfillment of the requirement for the award of Doctor of Philosophy (Science) is an original record of my own work carried under the guidance of Dr. Parag Phukon, Associate Professor, Department of Geological Sciences, Gauhati University.

This is also declaring that the result embodied in this thesis has not been submitted either in full or in part for any other research degree in any other University or Institute.

Ratul Talukdar
Department of Geological Sciences
