Acknowledgement

I am immensely contended to have completed this thesis, an outcome of a few years of dedicated research endeavors in obtaining my PhD. I gladly acknowledge all the helps and encouragements offered to me in making the study an unforgettable experience.

First and foremost, I would like to thank the almighty for showering his blessings and giving me the strength, courage and patience to make everything possible.

It is difficult to overstate my profoundest gratitude to my advisor and mentor, Dr. D. Mohanta for his exemplary guidance, persistent monitoring and untiring active assistance whilst allowing me the space to work in my own ways. I would like to express my sincere thanks to Prof. A. Choudhury, Prof S. K. Dolui, Prof. Nidhi Saxena Bhattacharyya and Dr. G. A. Ahmed for their valuable advice and timely help. I am grateful to all the faculty members of Department of Physics, Tezpur University for their illuminating instructions.

My ample appreciation remains due to Scientific Officer, Dr. Kishor Baruah and all the technical staff for arranging experimental set-ups throughout the exercise. I also thank departmental staff Narayan da and Patir da for their assistance.

I am hugely indebted to SAIF (NEHU), Shilong and CGCRI, Kolkata for providing me the instrumentation facilities.

I express my heartfelt gratitude to Dr. Abhijit Saha, UGC-DAE Consortium for Scientific Research, Kolkata for his expertise and assistance.

The enthusiastic inspiration, selfless co-operation, constructive criticism around the work of my fellow labmates, seniors and friends- Upamnayu da, Manasi ba, Sayan da, Runjun ba, Manjit, Samiran, Rizwin, Swati, Saurav, Sikha ba, Priyanka, Bondita ba, Monalisa ba,
Pratharna ba, Nilimaba, Shyamalima, Momina, Arunav, Rocket and Dipangkar have always been a stimulating boost.

I owe my deep regards and affections to my entire extended family members-Maa, Papa, Didibhai, Arup da, Kaku, Kakimuni, Mona Kakimuni, and my brothers/sisters Nayan, Sunai, Shuva and Jiya without whose whole hearted support and inspiration the work would not have been a reality. In particular, I recognize the rekindling motivational drive, unconditional support and love of my dear Babu and my bosom friend Nazma. I take the opportunity to pay my earnest homage to Lt. Jivan Kaku for the unflinching courage and conviction I have learnt from him. May god rest the departed soul in eternal peace.

Finally, I especially thank UGC, New Delhi (Ref. No. 37-367/2009(SR)) and DST, New Delhi (Sanction No. DST/INSPIRE Fellowship/2011/[88]) for the financial grant and Tezpur University for giving me the golden opportunity.
