List of conferences attended and papers presented

1. Physical and optical properties of Cu$^{2+}$ and Ni$^{2+}$ doped Alkali Zinc Borate Glasses.

4. Participated in theme meeting on “Laser glass Science & Technology”, sponsored by Government of India, Department of Atomic Energy, Bhabha Atomic Research Centre conducted by Department of Physics, Sri Venkateswara University, Tirupati, March 1-2, 2011.

5. Grading of natural minerals with their trace elements: Spectroscopic investigations.

6. Luminescence properties of Blue emitting Fe(III) ions doped NaCaAlF$_3$PO$_4$ nanophosphor for White LEDs.

7. Physical and Spectroscopic Investigations of Fe$^{3+}$ doped mixed Alkali Zinc Borate Glasses.
