ACKNOWLEDGEMENTS

I take this opportunity to express my sincere gratitude to my guide Dr. M. L. Naik, Retd. Professor, School of Studies in Life Sciences, Pt. Ravishankar Shukla University, Raipur (C.G.) for his constant motivation, valuable guidance, timely advice and his supervision of this work. His encouragement, keen interest and sympathetic attitude have been an unfailing source of inspiration to me.

I tender my most cordial thanks to Dr. Vibhuti Rai, Prof. & Head, School of Studies in Life Sciences, Pt. Ravishankar Shukla University, Raipur (C.G.) for his permission to work in the Laboratory.

I feel immense pleasure in recording my sincere thank and deep gratitude to other members of the faculty of the School of Studies in Life Sciences. I owe special debt to express my overwhelming sense of gratitude and regards to Dr. (Mrs.) Sanju Sinha, Research Assistant, Chhattisgarh Council of Science and Technology, Raipur, for her valuable advice and all possible help extended to me throughout the period of this work.

I extend my special thanks to my Husband, Shri Santosh Patel without whose cooperation it would have not been possible to complete the work and to my little baby Liji for her tolerance during the tenure of the work. My special thanks are also due to my brother Dr. Kamal Naik for his various helps during the research work and in the preparation of the thesis.

At the last but not the least I extend my sincere thanks to my beloved father Dr. Sakarajit Naik for his inspiration and continuous encouragements, throughout the period of my work.
