ACKNOWLEDGEMENT

First and foremost, I would like to express my sincere gratitude towards my Supervisor Prof. Pramod Tandon, Botany Department, North-Eastern Hill University, Shillong, for his valuable guidance throughout the course of my work. He has been and continues to be a tremendous force behind me. His suggestions, encouragement, constructive criticism and an eye for perfection pushed me to try to excel in whatever I do. Despite his busy schedule, he always extended his most benevolent help and support. Thank you Sir.

My deepest gratitude also goes to my Joint Supervisor, Dr. Suman Kumaria, Botany Department, North-Eastern Hill University, Shillong, without whom my work would not be complete and the thesis would not be in its present form. No words are enough to thank you Ma’am for your time, dedication, words of encouragement, presence and understanding.

My acknowledgement also goes to the Head, Botany Department, North-Eastern Hill University, Shillong, for providing the necessary facilities required during the course of my work. I am grateful to all the teaching and non teaching staff and fellow research scholars of the Department who have always helped me whenever I approached them.

My thankfulness to Prof. S. N. Raina, Department of Botany, Delhi University, and his group for the suggestions and the help extended to me. Special thanks to Samantha, Deepmala, Suman and to the rest of the group.

My special thanks to all the staff and fellow research scholars of our Plant Biotechnology Laboratory; to Meera, Stad, Sudipta, Jeremy, Subarna, Shravan, Nirmal, Paromik, Viki, Sumi, Bahdeng and Dinesh who never said no to my numerous requests for help. To Bah Ivan, Devendra, Manish and Pradeep of Bioinformatics Centre for all the help extended.

I also cannot forget my friends who have helped to make the time of my research more enjoyable and for all the help and encouragement. Thanks to Khumi, Marina, Duwaki, Ronald, Asorphi, Ailad, Meena, Melboreen, Shairi, Manda and Rima. Thanks to my cousin, Custer, to Mrinal Bhaiya and to Yashmin for all your help.

My heartfelt thanks especially to my parents, brothers, sisters, grandma, uncles, aunts and cousins for their love, encouragement, moral support, ideas, adjustments, patience and their faith in me.

Financial assistance in the form of Junior Research Fellowship from Department of Biotechnology, Government of India is gratefully acknowledged.

Last but not the least; I am thankful to God for all giving me the strength to complete this endeavour, for His blessings and unseen hands in everything that I was able to do.
