ACKNOWLEDGEMENT

I express my sincere gratitude to my supervisor Professor Amar Nath Rai for being supportive, giving endless guidance, constant encouragement and for teaching me scientific writing throughout this project.

I am grateful to Dr. Arvind Kumar Singh and Dr. (Mrs) Mayashree Borthakur Syiem for their support and helpful scientific discussions during this project.

I thank Prof. Lalthantluaga, Prof. Ramesh Sharma, Prof. Rajesh Nath Sharan, Dr. Anis Alam, Dr. Donkuper Syiem, Dr (Mrs) Kavita Shah, Dr. P. K. Ambasht and Dr. Lakhan Kma for sharing their scientific knowledge with me.

I am also thankful to Puspadi, Kong Yen, Kong Judi, Kong S, Bakhup, Mr. Sahu, Mr. Bani, Medhi, Manibabu and other office staffs of Biochemistry who helped me during my stay here in the department of Biochemistry.

I am indebted to my seniors Dr. Jyotirmoy Bhattacharya and Dr. Omarlin Kyndiah and also to Mr. Rajkumar Somendrajit Singh, Mr. Kishore Chakma, Miss Sareeta Nayekpam, Mr. Thomas Iangjuh, Miss Vrinda Pandey, Miss Rima Sunn, Miss Amrita Bhattacharya, Mr. Thy Answer Challam, Mr Samrat Adhikari and other colleagues at the Department of Biochemistry.

Thanks to Dr. (Mrs) M. Ibemhal Rege, Dr. M. Amarjit Singh, Mr. A. Tiken Singh, Dr. Indira Singha, Dr. (Mrs) Jayalata Devi, Miss Th. Gomti Devi, Miss Y. Premabati Devi, Miss Ksh. Rajeshwori, Miss Jeni, N., Miss Champa, Miss
Debashwori, M., Miss Uma, K. and others who helped me. I am also thankful to Mr Th. Samananda Singh for giving me the Origin programme. A special thanks to Dr. Nongthombam Dhirendra Singh for his constant co-operation, suggestion and help during this project.

A big thanks goes to my beloved parents, brothers (Kh. Dorendro Singh, Kh. Khogendro Singh) and sister (Mrs. Kh Tarunibala Devi) for their encouragement and sacrifices that made this work possible. Lastly, I expressed my thankfulness to my cousin sisters, maternal and paternal uncles and aunties for their help during my absence at home.
