ACKNOWLEDGEMENTS

The author takes this opportunity to express his most sincere appreciation and gratitude to Dr. S.A. Aziz, for his guidance and painstaking supervision throughout this research work. He is indebted to Professor Syed H. Khan, Head (Ag.), Department of Zoology, Aligarh Muslim University, Aligarh, for providing laboratory facilities, encouragement and for arranging financial help during these investigations.

He is also thankful to Professor S. Masood Alam, for his wise counsel and permitting the author to work in the department.

His grateful thanks are also due to Dr. F.O. Albrecht, President, Association d' Acridologie, France, for much helpful criticism and advice. Thanks are also due to Dr. Mein Farooqui and Dr. Nisamuddin Farooqui for going through the manuscripts.

Thanks are also due to Council of Scientific and Industrial Research, New Delhi for the award of Senior Research Fellowship during the latter part of this work.

The author shall be failing in duty if not keeping on record his sincerest thanks to his friends for their invaluable help during the tenure of this work.

Noleenur Rahman Khan
