Acknowledgement

It is a great privilege to express my deep sense of gratitude to my guide Dr. J.N. Vishwakarma, Head, Organic Research Lab., Department of Chemistry, St. Anthony’s College, Shillong, who has been my inspiration and without his encouragement and guidance this research work would not have been possible.

I would like express my sincere gratitude to Dr. R.L. Nongkhaw, my supervisor for his untiring guidance and constant encouragement throughout the course of Ph.D programme. I also thank Dr E. Karim for his encouragement and constant help. Thanks are also due to Dr. M.A. Laskar for his support and help.

It is indeed a great privilege to express my heartfelt gratitude to Rev. Fr. Iaonnis Warpakma, SDB, Principal, St. Anthony’s College for allowing to use the infrastructure and facilities in the College which enabled me to carry out the research work smoothly. I specially thank Rev. Fr. Stephen Mavely, SDB, and Fr. Joseph Nellanatt, for their keen interest and encouragement. I am grateful to Fr. Joby Joseph, SDB and Fr. Steven Saji, SDB for their contributions and help in the course of the work. I would like express my sincere gratitude to Fr. V.A.Cyriac, SDB, Fr. Alex Mathew, SDB and Fr. Pius, SDB for the support and help extended to me.

It gives me immense pleasure to thank Professor K. Ismail, Controller of examinations, North Eastern Hill University, Professor B. Myrboh, Head, Department of Chemistry, North Eastern Hill University, Professor R. H. Lyngdoh and all other faculty members of Department of Chemistry, North Eastern Hill University, Shillong for their help and kind cooperation.

I am grateful to Professor S. Giorgi-Renault and Professor P. Helissey of France for their valuable scientific inputs and suggestions from time to time. I am grateful to the Directors and technicians of SAIF-NEHU, Shillong and SAIF-CDRI, Lucknow for providing spectral and analytical services.

I am thankful to Paramananda, Hari, Purvita and Chayanika of Biotecnology Department, St. Anthony’s College, Shillong for helping in Biological studies of the compounds. I wish to thank my students Sujit, Gajendra, Anup, Mautoshi, Angira, Sajal, Uttam Thapa, Mithu for their constant help and goodwill.

I would like to thank my laboratory colleagues: Dr. Milan Dutta, Asem Satyapati Devi, Shokip Tumtin, Tovishe Phuco and my colleagues from college Mr J. De, Mr. Biswajit Paul, Dr. Ratan Chakrabaoty, Mr Siddartha Roy, Mr Arindam Ghosh, and Mr Habul Das for their help and goodwill.
My special thanks goes to Dr. K. K. Bhattacharjee for his advice, inspiration and constant encouragement.

I am greatly indebted to my family members: my parent, brothers, sisters, Pallabi, Miit and Mistie for their continuous love, affection, encouragement and support throughout the course of my study.

Above all I thank the almighty for keeping me in good health and strengthening me in achieving my goal.
