ACKNOWLEDGEMENTS

I am grateful to the Department of Business Administration, Faculty of Management Studies and Research, Aligarh Muslim University for giving me this opportunity to carry out the formal research work. In particular, I wish to record my sincere thanks and appreciation to Prof. Kaleem Mohammed Khan, Dean, Faculty of Management Studies and Research for his personal interest, guidance and encouragement in completing the research.

I am indebted and grateful to my External Research Advisor, Prof. Janat Shah, Indian Institute of Management, Bangalore for his close association, constant guidance and encouragement in all phases of the research.

I am thankful to the All India Management Association, New Delhi for initiating the Executive DBA Programme and giving the opportunity to working professionals to carry out the formal research.

I record my grateful thanks to Prof. L.S. Murty of Indian Institute of Management, Bangalore and Dr. G. Ravindran of Indian Statistical Institute, Bangalore for guidance on choice of appropriate Statistical Methods and Interpretation of Results.

I am deeply thankful to the two organizations that permitted me to carry out the research in their plants. The senior executives of these plants warmly welcomed and extended all help. I am overwhelmed by the extraordinary cooperation given to me by the manufacturing executives.

I am grateful to my wife Mrs. Vani Suresh and other family members for their strong encouragement and support to carry out this work.

D.N. SURESH.
Bangalore, India
