Acknowledgements

All praise is due to Almighty, to whom alone, I bow in veneration and who Alone has made this work possible by his beneficence and by bestowing upon me the blessings of endurance, courage and confidence. This work is a manifestation of His divine will.

I am profoundly grateful to my learned teacher and research supervisor Dr. Fareed Ahmad Khan for his unreserved concern, patience hearing, meticulous suggestions, erudite supervision and exacting criticism, which enable me to overcome all hurdles during the course of this uphill task. His constant help, encouragement and moral support were the hallmarks of my research period.

I am indeed truly thankful to Prof. Arif Inam, Chairman Department of Botany, AMU for his concern and for providing all the necessary facilities. I whole heartedly acknowledge my deep gratitude to Dr. Athar Ali Khan for the valuable advices, suggestions and perpetual encouragement through this work. I own my sincere thanks to Dr. Masroor A. Khan for help and encouragement.

Sincere thanks are extended to my senior Dr. Abid Ali Ansari on behalf of devoting their precious time, valuable suggestions, scholarly advice, incisive discussions and enthusiasm which indeed helped me to triumph all obstacles during the course.

I wish to ventilate my humble regards towards my seniors Dr. Farah Hashmi, Dr. M. Naeem and Mr. Baig Hussain for their cooperation and encouragement during the course of work.

I wish to express my cordial appreciation to my friends Smita Latur, Shafia Nasir, Moin A. Khan, Azhar Abbas Zaidi and Sweta Aggarwal for providing an everlasting support, keeping sprits up and my hamstrings in working order. It is my sincere attempt to put into words my immense gratitude for my lab mates Farha Rehman, Humera Khan, Ather Masoodi and Deepshikha Varshney for making tiresome movement colourful, refreshing and inspiring by making lab a convivial place to work.
With all the sincerity I convey my gratitude towards my most revered parents, who are an asset to humanity for their erudition and oceans of warmth and love, who imbued in me the felicity of service and sense of responsibility and whose exquisite benedictions, unflinching support, good wishes, love and affection inspired me to achieve the pinnacle of success. My deepest gratitude goes to my family for their unflagging love, support, prayers and encouragements throughout my life.

I wish to offer my thanks to all those folks whose names could not be included but will be fondly remembered. I also wish to offer my thanks to Mr. Rais Ahmad Khan for extending his skilful services on computer and patience.

Finally, I recognize that this research would not have been possible without the financial assistance of University Grant Commission scholarship fund and express my gratitude to this agency.
