List of Tables and illustrations

1. Showing the distribution of students in the categories that have been identified

COMPARISON BETWEEN OVER AND UNDERACHIEVERS

2. Showing significance of difference between the mean scores of over and underachievers on fourteen personality factors.
3. Showing significance of difference between the mean scores of over and underachievers on n-Ach
4. Showing significance of difference between the mean scores of over and underachievers on family climate

COMPARISON BETWEEN OVERACHIEVER BOYS AND UNDERACHIEVER BOYS

5. Showing significance of difference between Underachiever Boys and Overachiever Boys on fourteen Personality Factors
6. Showing significance of difference between Underachiever Boys and Overachiever Boys on n-Ach
7. Showing significance of difference between Underachiever Boys and Overachiever Boys on Family Climate

COMPARISON BETWEEN OVERACHIEVER GIRLS AND UNDERACHIEVER GIRLS

8. Showing significance of difference between Underachiever Girls and Overachiever Girls on fourteen Personality Factors
9. Showing significance of difference between Underachiever Girls and Overachiever Girls Boys on n-Ach
10. Showing significance of difference between Underachiever Girls and Overachiever Girls on Family Climate

COMPARISON BETWEEN OVERACHIEVERS AND UNDERACHIEVERS OF PRIVATE SCHOOLS

11. Showing significance of difference between Underachievers and Overachievers (of private schools) on fourteen Personality Factors
12. Showing significance of difference between Underachievers and Overachievers (of private schools) on n-Ach
13. Showing significance of difference between Underachievers and Overachievers (of private schools) on Family Climate

COMPARISON BETWEEN OVERACHIEVERS AND UNDERACHIEVERS OF GOVERNMENT SCHOOLS

14. Showing significance of difference between Underachievers and Overachievers (of govt. schools) on fourteen Personality Factors
15. Showing significance of difference between Underachievers and Overachievers (of govt. schools) on n-Ach
16. Showing significance of difference between Underachievers and Overachievers (of govt. schools) on Family Climate

COMPARISON BETWEEN OVERACHIEVER BOYS AND UNDERACHIEVER BOYS OF PRIVATE SCHOOLS

17. Showing significance of difference between Underachiever Boys and Overachiever Boys (of private schools) on fourteen Personality Factors
18. Showing significance of difference between Underachiever Boys and Overachiever Boys (of private schools) on n-Ach
19. Showing significance of difference between Underachiever Boys and Overachiever Boys (of private schools) on Family Climate

COMPARISON BETWEEN OVERACHIEVER GIRLS AND UNDERACHIEVER GIRLS OF PRIVATE SCHOOLS

20. Showing significance of difference between Underachiever Girls and Overachiever Girls (of private schools) on fourteen Personality Factors

21. Showing significance of difference between Underachiever Girls and Overachiever Girls (of private schools) on n-Ach
22. Showing significance of difference between Underachiever Girls and Overachiever Girls (of private schools) on Family Climate

COMPARISON BETWEEN OVERACHIEVER BOYS AND UNDERACHIEVER BOYS OF GOVERNMENT SCHOOLS

23. Showing significance of difference between Underachiever boys and Overachiever boys (of govt. schools) on fourteen Personality Factors
24. Showing significance of difference between Underachiever boys and
25. Overachiever boys (of govt. schools) on n-Ach
   Showing significance of difference between Underachiever boys and Overachiever boys (of govt. schools) on Family Climate

COMPARISON BETWEEN OVERACHIEVER GIRLS AND UNDERACHIEVER GIRLS OF GOVERNMENT SCHOOLS

26. Showing significance of difference between Underachiever girls and Overachiever girls (of govt. schools) on fourteen Personality Factors

27. Showing significance of difference between Underachiever girls and Overachiever girls (of govt. schools) on n-Ach

28. Showing significance of difference between Underachiever girls and Overachiever girls (of govt. schools) on Family Climate

BINARY LOGISTIC REGRESSION ANALYSIS

29a. Showing Omnibus Tests of Model Coefficients

29b. Showing predictors of occurrence of underachievement

29c. Showing the status independent variables which do not predict the occurrence of underachievement

29a.1. Showing log transformation of Exp. β (odds ratio)

List of illustrations

Fig 42. a Showing incidence of overachievers and underachievers.

Fig 42. b Showing incidence of underachievement among boys and girls

Fig 42. c Showing incidence of underachievement in private and government schools

Fig 42. d Showing incidence of underachievement of boys and girls in private and government schools

Fig 42. e Showing incidence of overachievement among boys and girls
Fig 42. f Showing incidence of overachievement in private and government schools

Fig 42. g Showing incidence of overachievement of boys and girls in private and government schools
