Acknowledgments

I would like to express my deep appreciation to Dr. Rahat Ali Khan for his guidance, encouragement, and kindness he has shown me throughout my research. Without his help and insight, this endeavor would have been impossible. I would like to take the opportunity to thank my family members and friends who provided so much support and encouragement. It is all due to sacrifices of my mother, father and sisters that have brought me up to this wonderful moment. I would not be where I am without the love and support of these very special people in my life. Also the love and care of my brother in law Mr. Abdul Wahid has encouraged me to complete this work.

I would also like to thank my many aunts, uncles, and cousins who have also always been supportive of me. Particularly Jiya, Dady, baijan, Baigash, and Sajaad seb. As it is their care, support and love which they provided me since the time I barely knew how to see the time in the clock.

My hearty thanks to my dear, ever supportive, and caring friends, Shahkar, Abdul rouf, Mudasir, Mustafa, Idrees, Aadil, Azhar, Mudasir Hameed, Jhangir, and Mushtaq. They have always provided an emotional, moral and practical support. Their company is an asset for me.

I owe my deepest gratitude to my elders particularly Dr. Usman sb., Dr. Sannaullah sb., Dr. Salman Beigh sb., Dr. Farahim sb and Dr. Javid Aarif sb. It is their care and time to time guidance and counselling that helped me to imbibe courage and determination to face the realities of life.
