Acknowledgement

First and foremost, I bow my head with gratitude before Almighty Allah, who showered His blessings and provided me an opportunity to explore a part of His vast nature. It is all His grace and mercy that enabled me to undertake and complete this work successfully.

It is a great fortune and a matter of pride and privilege for me to express my profound sense of gratitude, indebtedness and sincere thanks to my reverend supervisor, Prof. Qudsia Tahseen, Department of Zoology, Aligarh Muslim University, Aligarh. Indeed her adept guidance and untiring help has been much greater than what I deserved. Her valuable suggestions and constructive criticisms at every stage are praiseworthy and are acknowledged here with thanks.

I would like to express my sincere gratitude and thanks to the Director, Zoological Survey of India, Kolkata and my co-supervisor, Dr. Padma Bohra, Scientist-D, Desert Regional Centre, Zoological Survey of India, Jodhpur for providing infrastructure and laboratory facilities available in the centre.

A grateful appreciation is extended to the Chairman, Department of Zoology, A.M.U. for providing the necessary facilities available in the department in carrying out this work.

I am immensely thankful and deeply indebted to my respected teachers Prof. M. Shamim Jairajpuri, Prof. Irfan Ahmad, Prof. Wasim Ahmad and Dr. Mahalaqa Chowdhary for extending their knowledgeable support during my studies.

It gives me great pleasure to express my thanks to my colleagues Dr. Noorus Saba, Dr. Athar Hussain, Dr. Mahamood Khan, Dr. Asghar Ali Shah, Dr. Baniyamuddin, Dr. Peerzada Mushtaq Dr. Rahmat Khan, Ms. Shikha Ahlawat, Mr. Gaurav Gupta, Dr. R. S. Pandiy Rajan, Ms. Uzma Tauheed, Ms. Gazala Yousuf, Ms. Tabinda Nusrat, Ms. Nadia Sufiyan and Ms. Malka Mustaqim for providing friendly and helpful environment during the entire tenure without which it would have been difficult to complete the work. Thanks are also to my friends Dr. Shalini Gaur, Mr. Pukhraj Kudela, Dr. Samee Kaushar, Dr. Fahmeena Khan for their moral support during this work.

It gives me pleasure to extend my indebtedness to my beloved parents Mrs. Naseema Khatoon and Mr. Abdul Qaiyum and my father-in-law Mr. Sulaiman who have always been a source of inspiration for me and whose prayers, affection and everlasting moral support made me capable to reach this stage. I should not fail to make a mention of my sisters Mrs. Sajida Tasneem, Mrs. Khushnuda Parveen and Miss. Safia Bano for their encouragement throughout and infusing in me the confidence to pursue this task. I am also lucky to get love from my nephews Shama, Ahmad, Danish, Abubaker and Shafaq. I also register my sincere thanks to my brothers Mohd. Nadeem, Dr. Faheem and sisters-in-law Mrs. Talat Parveen and Dr. Noor-us Saba for helping me in many ways during the research work.

I feel proud of my beloved husband, Mr. Abdul Rehman who proved a symbol of sacrifice; without whose love, support and cooperation, I would not have been able to accomplish this task.

I am also immensely thankful to the legendary Nematologist, Prof. Istvan Andrassy for his unstinted support and help regarding procurement of research papers during the entire tenure of my research work.

The financial support provided by Ministry of Environment & Forest, New Delhi is greatly acknowledged with thanks.
