</table>
5.1. District-wise Variation in Contribution of Eri Cut Cocoon to Total State 
Production

5.2 Changes in Percentage of Top Five and Bottom Five districts in the 
Ranking of number of Families Engaged in Ericulture during 1995-96 to 
2005-06

5.3. District wise Annual Exponential Rate of Growth of Families Engaged 
in Ericulture during 1995-96 to 2005-06

5.4. District-wise Variation in Area under Eri Host Plant to Total Ericultural 
Land of Assam during 1993-94 to 2005-06

5.5. District-wise Variation in Area under Eri Host Plant to Total Land of the 
District during 1993-94 to 2005-06

5.6 District wise Variation in Output of Eri Cocoon per Hectare of Land 
under Host Plant during 1993-94-2005-06

5.7. Impact of Population Size and its Characteristics, per Capita NDDP on 
the Inter-District Variation in Area under Feed Plants, Production of Eri 
Cocoon and Number of Families Engaged in Ericulture in Assam

6.1. Production of Eri, Muga, Mulberry and Tasar Raw Silk in Assam during 
1980-81 to 2004-05

6.2. Contribution of Eri, Muga and Mulberry Culture to Workforce of Assam

6.3. Families Engaged in Sericulture in Assam during 1990-91 to 2005-06

6.4. Contribution of Eri, Muga and Mulberry Raw Silk to NSDP at Market 
Price of Assam during 1980-81 to 2004-05

6.5. Production of Raw Silk per Family and per Hectare of Land under Host 
plants during 1990-91 to 2004-05

6.6. Cost, Revenue and Profit in Eri Cocoon Production of the Sample 
Households during 2005-06

6.7 Cost, Revenue and Profit of Mulberry Cocoon Production of the Sample 
Households during 2005-06

6.8. Cost, Revenue and Profit of Muga Cocoon Production of the Sample 
Households during 2005-06

6.9. Revenue, Cost and Profit per Kilogram of Cocoon Production (Rs)

6.10. Revenue and Profit Rate per Investment of One Rupee in Eri, Muga 
and Mulberry

iii
6.11. Capital and Labour Output Ratio in Ericulture in the Sample Households during 2005-06

6.12. Capital and Labour Output Ratio in Mulberry culture in the Sample Households during 2005-06

6.13. Capital and Labour Output Ratio in Muga-culture in the Sample Households during 2005-06

6.15. Percentage Changes in Value of Exports of Eri and Muga Products by ARTFED to Total Export of Assam during 2001-02 to 2006-07

7.1. Sex wise Distribution of Sample Households according to their Educational Status during 2005-06

7.2. Distribution of Sample Families according to the Sources of Seeds during 2005-06

7.3. Cost, Revenue and Profit per Kg of Eri Cocoon Production with and without Plantation of Host Plant during 2005-06

7.4. Distribution of Sample Rearing Families according to their Sources of Finance during 2005-06

7.5. Distribution of Sample Households according to the Reported Problems Faced by them in Rearing Silkworm for Different Reasons during 2005-6

7.6. Brood-wise Actual, Profit Maximising and Lowest Possible Average Cost Output of Eri Cocoon and Scope of Increasing Output and Profit as Obtained from the Estimated Result by Using Sample Data

8.1. Number of Bank Branches, their Deposits and Credits in Assam as on March 2005

8.2. Sources of Finance of Ericulture in the Sample Household during 2005-6

8.3. Number of Eri Beneficiaries under CDP in Assam during Tenth Plan

8.4. Number of Eri Beneficiaries in Barpeta district during 2000-01 to 2005-6
