ACKNOWLEDGEMENT

In the beginning I would like to pay a lot of thanks to "Sadguru" who showered blessing on me and gave an opportunity and capability to complete this research work.

This acknowledgement is a sincere expression of gratitude to all those who made this work a memorable milestone in my life.

It is my great privilege and immense pleasure in availing this golden opportunity to express my whole hearted sense of gratitude and sincere indebtedness honorable guide Dr. D. B. Sarode, M.V.Sc., Ph.D., FNISVM, Dean, Faculty of lower education, MAFSU, Nagpur for his valuable guidance, enthusiastic interest, thoughtful suggestions, constant encouragement and untiring efforts during the entire research work. Discussions throughout the course of investigation with him led to much improvement in study. However, the responsibility for the short comings, if any is entirely mine. I also thank him for extending enormous and uncommon support right from Ph. D. degree course till the completion of this document.

I am highly obliged to Dr. A. S.
