Acknowledgements

All praise are to ‘ALMIGHTY ALLAH’ who is the ultimate source of knowledge, a part of which he revealed to man for his guidance and success.

At the onset, I would like to express my sincere thanks and gratitude to my learned supervisor Dr. (Mrs) Zeba N. Siddiqui for her able guidance and sincere cooperation, especially for her scholarly advice and substantive comments, which encouraged me to keep thinking throughout the research programme. Her generosity in sharing thoughts and devoting her precious time is acknowledged with great thanks.

I am also grateful to Prof. S. A. Nabi, Chairman, Department of Chemistry, Aligarh Muslim University, Aligarh, for providing all necessary research facilities and creating a congenial atmosphere to carry out the present work.

My thanks go to University Grant Commission, New Delhi for their generous financial assistance, and Regional Sophisticated Instrumentation Centre, CDRI, Lucknow and Panjab University Chandigarh, for providing analytical and spectral results.

I am deeply indebted to Dr. Asad U. Khan, Associate Professor, Interdisciplinary Biotechnology Unit, Aligarh Muslim University, Aligarh and Dr. Iqbal Ahmad, Associate Professor, Department of Agricultural Microbiology, Aligarh Muslim University, Aligarh, for carrying out antimicrobial activities.

My overwhelming thanks go to my lab colleagues Dr. Mohammed Asad, Dr. Shagufta Praveen, Dr. Imrana Tabassum, Ms. Farheen farooq, Ms. Tabassum Khan, Ms. Kulsum Khan and to my friends, Sainudeen, Najmudeen, Subair, Khalid, Azeez, Naseef, Ajmal, Jamsheera and to all for their constant encouragement and moral support.

I express my deep sense of gratitude and obligation to my family members without their constant inspiration, unconditional support, yearning of my success and accomplishments, this work could never had been completed.

Finally, I would like to thank everybody who was important to the successful realization of the thesis, as well as expressing my apology that I could not mention personally one by one.

(MOHAMMED MUSTHAFA. T.N.)
