ACKNOWLEDGEMENTS

Thanks to the Almighty Allah who gave me the power and strength to complete this document.

As an average student I would never have been able to complete this work had I not got the support of various persons. Amnesia is an asset while writing acknowledgement otherwise the list of these gentlemen and women would be voluminous than the actual work.

I sincerely thank NRDMS Division, Department of Science and Technology, Government of India, for funding this research project under Ecological Modeling for Himalayas for Uttaranchal (now Uttarakhand) Transect. I thank R. Siva Kumar, Head, NRDMS, Department of Science & technology and Dr. Nisha Mendiratta, Addl. Director & Scientist 'E', NRDMS Division for their interest in this research.

I place on record my sincere gratitude to Prof. Jamal A. Khan my supervisor and teacher for showing faith and introducing me first to the terai forest for my M.Phil and then to the Himalayas for Ph.D thesis. His constructive and perpetual guidance and support helped me a lot in streamlining the study.

I am thankful to Dr. Affifullah Khan, Chairman Department of Wildlife Science for his valuable help and guidance throughout the compilation of the thesis. I am equally thankful to Professor H.S.A. Yahya, Dr. Satish Kumar (Reader) and Dr. Orus Ilyas and Dr. Faiza Abbasi faculty at Department of Wildlife Sciences for their timely help and guidance.

I thank Prof. J.S. Rawat (Head, Department of Geology, Kumoan University, Nainital) for providing maps of Khulgarh and allowing me to use their GIS lab. I also thank Dr. S. Sreekesh (Asso. Prof. JNU) for providing boundary map of Dabka and Prof. Charu C. Pant (Deptt. Of Geology, KU, Nainital) for providing toposheets of the Dabka. I also thank Director WII (Wildlife Institute of India) for allowing me to use the library for literature survey and Dr. S.A. Hussain for arranging the accommodation.

My special thanks are due to local forest staff of Dabka and Khulgarh watersheds for being cooperative and providing support during fieldwork.
I thank my field assistants Raju, Chotu (Khulgarh), Vijay (Dabka) for assisting in field and working sincerely without any complaints. I also thank Ram Kumar for arranging accommodation in Sigri (Dabka) and sharing his knowledge about the area.

I specially thank Mr. Akhlaq Khan (Property Incharge) and the security guard and his family for treating me as their family member at Ardee Estate in Ranikhet that was used as base camp during entire study period.

I also thank non teaching staff of DWS specially Mrs. Anjum, Rafat Yasmeen, and Mr. Mustafa Kamal, Chhotte Khan, Gaffar, Arshad, Azim, Tanveer, Nadeem and Vir Singh for their support.

Special thanks are due to Tanweer A. Dar (Dy. SP J&K police) and Dr. Bilal Habib (Scientist C) for their help in data analyses. Both of them were constant source of my inspiration whenever I lost my temper. Their critical comments not only helped in the preparation of this draft but also helped me in my personal life to get rid of difficult situations. I specially thank Mr. Junaid Nazir (RA, EADA, Abu Dhabi) and Khursheed Ahmed (Asst. Prof. SKUAST, University) for his continuous support and guidance throughout the study.

My lot of love and special thanks to Athar, Shamshad and Mehraj in finalizing the thesis, especially Athar for proof reading, discussions and very constructive comments on the draft of this manuscript.

I am also thankful to my classmates Nasser, Kamlesh, Rohit, Zaibin, Vyom, Vijayan for their advice and support. Many thanks to my friends Javed, Neha Midha and Shipra Verma. I am also thankful to my seniors Mr. Usham, Mr. Sharad, my juniors Andaleeb, Tanushree, Tabassum, Bushra, Puja, Azram, Shalini, Saraj, Tawqeer, Aftab, Shah Nawaz.

Special thanks to my friend Nisa (Project Officer WWF, India) for checking the bird checklist and Masood Khan and Shah Bilal for checking the final references.

I am also thankful to my friends in Aligarh Muslim University especially Dr. Manzoor, Sajad, Kaiser Hamid and at home Dr. Javid, Suhail, Asif, Tahir, Irfan and Iftikhar.
Special thanks to my Uncles Mr. M. Y. Prince, Mr. Abdul Rahman and Mr. Ajmal Dar for their continuous support and encouragement throughout the study.

I am also thankful to my Mamus especially Mr. Gulzar Ahmed Mir and Mr. Qayyoom Ahmed Mir for their continuous encouragement and support from my childhood till now for shaping my career in right direction.

I specially thank Mr. Farooq Shah (Assistant Commissioner Rajouri) for his encouragement and showing interest in my research work.

I am lucky enough to be born in a family who despite certain limitations value education very high. I got financial help, when I did not deserve it and emotional support when I needed it the most. I am here because of my family otherwise the battle would have been lost long back. I thank my father and mother for their love, affection and care. I thank you for bringing me into this world and bringing me up. I also thank my brothers Saleem, Sadaqet and Khalil, my sisters Nasreen, Rabia, my bhabi Fareena and all the kids especially Dilbar, Himaal, Naina, Sharayar, Aleem and Azeem. Special thanks to my two niece Umar and Nashra.

If I had to dedicate this thesis, it would have been my friend Dr. Saima. Thanks dear for accepting me the way I am with all my faults and weakness. Thanks for being with me in my ups and downs. Your presence around gives me reasons to smile.

(Kaleem Ahmed)
