Praise be to Almighty Allah who is worth all the praises, who induced the men with intelligence, knowledge and wisdom. Thanks to the All-Compassionate and the Most-Merciful for giving me the ability, perseverance and determination to complete this endeavour. Peace and blessings of Allah be upon Prophet Mohammad who is always a source of guidance and knowledge for humanity.

I express a deep depth of profound gratitude to my supervisor Dr. Nafisur Rahman, D/O chemistry, Aligarh Muslim University whose kind supervision, keen interest, visionary guidance, emboldening help and unflinching encouragement enabled me to pursue my work with dedication. His vast knowledge, research prowess and incisive insight have been inspiring. I am extremely grateful for his patience, valuable time and endless support during this doctoral study.

I am grateful to the Chairman, Department of Chemistry, Aligarh Muslim University, for providing research facilities. Financial assistance from U. G. C. New Delhi is gratefully acknowledged.

I owe my indebtedness to my brother in law Dr. Mohd. Kashif, National Dope Testing Laboratory, New Delhi, whose constant guidance, motivation and sincere cooperation had helped me throughout the period of my research work.

I thankfully acknowledge the help and guidance of Dr. Najmul Hejaz Azmi, D/O Applied Sciences, Higher College of technology, Muscat.
I express my deep and warm feelings to my lab fellows Dr. Sana Siddiqui, Ms. Asma Khatoon, and Mrs. Batool Raza, for their memorable help, friendship and company during the entire period of my stay in the laboratory.

No words would ever do justice to express my immense indebtedness and love for my wonderful parents Dr. Afaq Ahmad and Mrs. Kahkashan Afaq. Their morals, wisdom, patience and prayers played a decisive role for my success throughout my life. I would like to acknowledge my eternal gratitude, love and deepest appreciation to my husband Mohammad Asif, whose unparalleled support and continuous encouragement gave me the strength to go on and complete this task.

My heartfelt thanks to my adorable sisters Ms. Nakshab Afaq, Ms. Muneeza Afaq and my brother Mr. Yousuf Farooq and Mr. Sheikh Al-Fawaz for standing with me throughout both difficult and good times. I am eternally grateful to them for their affection, understanding and unconditional support. Special note of thanks to my parents in law for their enormous love, support and prayer.

I would like to thank all my friends for their friendship and support during distressing moments which kept me motivated.

Last but not the least, I also wish to acknowledge the blessings of my little daughter Razaan Asif who kept me cheerful during the tough times. She has been a major strength for me to complete my thesis.
