ACKNOWLEDGEMENT

The author wishes to express his profound sense of gratitude and indebtedness to Dr. J.P. Rawat for his constant advice, keen interest and able guidance during the entire course of the work reported in this thesis.

The author is very much thankful to Prof. Wasiur Rahman, Head of the Department of Chemistry, Aligarh Muslim University, Aligarh, for his constant encouragement and for providing the necessary laboratory facilities.

The invaluable help rendered by his research colleagues during the preparation of the thesis is thankfully acknowledged.

Council of Scientific and Industrial Research (India) is thankfully acknowledged for financial assistance.

Jai Pal Singh
