ACKNOWLEDGEMENT

It gives me a great pleasure to express my deep sense of gratitude to Dr. Shamsuzzaman, Reader, Department of Chemistry for his keen interest, supervision, encouragement and inspiring guidance throughout the work reported in the thesis.

I am grateful to Prof. Kabir-Ud-Din, Chairman, Department of Chemistry, Aligarh Muslim University, Aligarh for providing necessary facilities.

I am also thankful to Prof. Shafiullah, Prof. M. Ilyas and Prof. Saiduzzafar Qureshi, former Chairmen, Department of Chemistry for their unstinted help and providing facilities.

I would like to record my sincere thanks to Prof. M. Mushfiq for his benevolent guidance, invaluable suggestions, useful discussions and affectionate behaviour.

It is with immense pleasure that I record my indebtedness and heartful gratitude to my parents, brother and sisters for their constant encouragement throughout my career. The patience and cooperation of my husband Mr. Anwar Sadat and in-laws throughout the period of this work are very much appreciated.

I am very much thankful to my research colleagues for their extreme cooperation and generous help. At the end I would also like to say thanks to Mr. Tariq Ahmad Khan for typing the manuscript.
