ACKNOWLEDGEMENTS

It is all to the Glory of Almighty Who showered His choicest blessings upon us and made our dreams culminate into reality. A few persons deserve special mention and all praise, without whom this effort would not have seen the light of the day.

I feel great pleasure in expressing my sincere and profound gratitude to my Supervisor Dr. Syed Salahuddin Shah, Professor, Department of Civil Engineering and Co-Supervisor Dr. Rafaqat Ali Khan Rao, Reader, Department of Applied Chemistry, Z. H. College of Engineering & Technology, Aligarh Muslim University, Aligarh, for their inspiration, consistent guidance, moral support, encouragement, timely help and painstaking efforts throughout this work.

With deep sense of respect and regard, I acknowledge the very best support from Prof. Razaullah Khan, Chairman, Department of Civil Engineering, Z. H. College of Engineering & Technology, A.M.U., Aligarh for his kind and generous help during my research work. I am also thankful to the Department of Civil Engineering, A.M.U., Aligarh for extending the financial support for this study and for making available all the facilities in the Department.

I wish to put on record my gratitude to Prof. Mohd. Jamil, former Chairman, Department of Civil Engineering, Z. H. College of Engineering & Technology, Aligarh Muslim University, Aligarh. He has been a constant source of moral support and inspiration for undertaking this study. Thanks are also due to him for making available all the facilities in the Department and allowing me to visit Indian Institute of Technology (IIT) Roorkee, for carrying out some of the experimental work.

I sincerely acknowledge the cooperation and advice of all my senior colleagues and friends specially Prof. Husain Abbas, Dr. Mohammed Arif, Prof. M. M. Ashhar, Dr. Amjad Masood, Dr. Sabih Akhtar, Mr. Mujib Ahmad Ansari, Capt. Fareed Mahdi, Dr. Tazyeen Ahmad, Dr. Shakeel Ahmad, and Dr. Mohd. Athar, who were always by my side and ready to extend their support.
I am also thankful to my friend Dr. Absar Ahmad Kazmi, Assistant Professor, Department of Civil Engineering, IIT, Roorkee, for his cooperation and valuable suggestions during the course of my Ph.D. work.

I am greatly thankful to the Head, Institute Instrumentation Centre, IIT Roorkee, for providing facilities to conduct XRD and SEM analysis.

I sincerely acknowledge the help provided by Mr. Hamid Ali, Lab. Attendant, Mr. Muzaffar Ali Khan and Mr. Nazir Ali, Lab. Attendant during the progress of the work.

I dedicate this work to my father (Late) Malik Abdul Razzaq who was always a source of inspiration to me. I sincerely and greatly acknowledge the moral support and blessings of my mother Mrs. Shakeela Khatoon, throughout the period of my work. I am also thankful to my elder brothers, Mr. Malik Shahzad Ahmad, Mr. Malik Naushad Ahmad, Mr. Malik Shamshad Ahmad and Mr. Malik Suhail Ahmad, for their encouragement and support throughout this study.

Thanks are also due to my mother in law and brother in laws, Mr. Mohd. Farhan Khan, Mr. Mohd. Imran Khan and Mr. Mohd. Zaheer Khan whose blessings and wishes helped me to reach this end.

This work is the outcome of the sincere prayers and dedicated support of my younger brother Hayatullah Khan, my nephew Mohd. Anas Khan and other members of my family.

I am especially indebted to my wife Shadma Shoeb for shouldering all family responsibilities for a long period of three years with smiling face and all her support and sacrifice at each stage of my life. Cheerfulness and tolerance capacity, amidst all odds, of my daughters Enjila and Sarah are admirable.

MALIK SHOEBAHMAD
