ACKNOWLEDGEMENT

While submitting this thesis, the author wishes to express his indebtedness and gratitude to Professor P.S. Gill M.S. (S. Calif.); Ph.D. (Chicago); F.N.I., for his keen interest and guidance throughout the course of the present work.

The author is also thankful to Mr. Ajit Singh, the Glass-Blower of the Department of Physics, M.U. Aligarh, for his help in constructing the counters.

The author wishes to acknowledge the help of the staff of the Gulmarg Research Observatory, Gulmarg (Kashmir), where a part of the work reported here was carried out.

The author acknowledges with thanks the financial support in the form of a scholarship given by the Ministry of Education, Govt. of India, which made it possible for him to carry out these investigations.
