ACKNOWLEDGEMENT

This doctoral thesis, of course, bearing my name is backed by many helping hands and I am eternally thankful to them.

I owe my profound gratitude and sincere thanks to my guide Dr. V. Sivakumar, M.Sc., Ph.D., Reader, Department of Zoology, V.O. Chidambaram College, for his efficient guidance, constant support, invaluable comments, constructive criticism, scientific freedom, meticulous efforts, fervour, cordial affection and implicit understanding which goaded me on to the successful completion of my work.

I am highly indebted to Dr. Muthiah, Senior Scientist, CMFRI for helping me in the selection of my study animal.

Words cannot express my heartfelt thanks and gratitude to Rev. Dr. Sr. Josephine Jeya Rani, Principal, St. Mary's College, Tuticorin, for her kind advice rendering constant encouragement and generous help throughout my tenure of study.

I whole heartedly thanking Thiru. A.P.C.V. Chockalingam, Secretary and also the Principal, V.O. Chidambaram College, for providing me all the facilities throughout my study period.
Thanks are due to Dr. J. Edwin, Head, Department of Zoology, V.O.Chidambaram College, Tuticorin for the generous help rendered in making use of all necessary facilities in the centre.

I remain thankful to Prof. G. Kulandaivelu, Ph.D., Department of Plant Science, Madurai Kamaraj University, Madurai for helping me to take Scanning Electron Micrographs.

I extended my deep sense of gratitude to Dr. R. Palaniappan, Head of the Department, Department of Micro Biology, Sri Pramakalyani College, Alwarkurichi and Mr. Selvaraj M.Sc., Research Scholar, Spic Research Centre, V.O. Chidambaram College, Tuticorin for the magnanimous support extended by them in microbiology studies.

I gratefully acknowledge the services of Dr. T. Balasubramaniam, Professor and Director, Dr. S. Ajmal Khan, Reader, Dr. K. Kathiresan, Reader (Tansa Awardee), Dr. Shanmugam, Lecturer (S.G.), CAS in Marine Biology, Annamalai University, Parangipettai, for their excellent encouragement and constant help rendered throughout my study period.

I remain thankful to Dr. K.P.S. Kartha, Assistant Director, Central Forensic Science Laboratory, Directorate of
Forensic Science, Ministry of Home Affairs, Govt. of India, Ramanthapur, Hyderabad for his help in IR spectral analysis.

I am very much thankful to Dr. K. Sriraman, AD, Tamil Nadu State Fisheries, Nagapattinam, for his help in statistical part of the thesis.

I gratefully acknowledge the services of Dr. S. Baskara Sanjeevi, Research Assistant, ENVIS Centre, CAS in Marine Biology, Annamalai University, Parangipettai in the area of reference collection whose help remain evergreen in my memory.

My heartful thanks are also due to Dr. S. Subramaniam, M.D. (Pathology), consultant pathologist, Vijay Clinical Laboratory and Vijay Biopsy Centre, Madurai for his help in the preparation of micro slides.

I am highly thankful to technical assistants, Indian Institute of Chemical Technology, Hyderabad for taking NMR, Mass spectrum and elemental analysis.

I am deeply indebted to Dr. A. Burka nudeen, Lecturer (S.G.) and Dr. Fazal Mohammed, Reader, P.G. Department of Chemistry, Jamal Mohamed College, Tiruchirappalli for their help in the interpretation of NMR, IR, Mass spectrum and elemental analysis.
My thanks are due to Dr. Jean Pascal Berge', Docteur en biochimie, Laboratorie, Ge'nie Alimentaire. Dept. of Valorisation des produits IFREMER Centrede Nantes, France for sending me many research papers to lend strength to the chapter bioactive substance.

I am extremely thankful to my beloved brothers Dr.R.D. Kannian Poongundran, M.B.B.S., M.D., Assistant Civil Surgeon, Government Hospital, Avudaiyarkoil, Dr. K. Gowry, M.B.B.S., Dr.R.D. Pavalan, B.H.M.S.: M.D., Homeopathy Medical College, Sulur and Dr.P.Jothimani, B.H.M.S.: M.D., for their generous help in collecting various references to complete the bioactive substance of this thesis.

I take this opportunity to thank my intimate friends and well wishers Dr. C. Veerabahu, Lecturer (Senior), Dr.D.Radhiba, M.Sc., Ph.D., Lecturer (Senior), Department of Zoology, V.O.Chidmabram College, Tuticorin, M. Tamil Selvi, M.Sc., M.Phil., Lecturer, V.V.V. College, Virudhunagar, Dr. H. Abdul Jaffar Ali, M.Sc., M.Phil., B.Ed., Ph.D., Lecturer, Muslim Arts College, Thiruvithancode, Miss. J. Subbulakshmi, M.Sc., M.Phil., B.Ed., Miss. A. Bavani Saraswathy, M.Sc., M.Phil., Miss. P.Selva Priya, M.Sc., Research Scholars for their kind cooperation and help in various ways in the completion of my work.
I am very much thankful to my Colleagues in the Department of Zoology, Mrs. S.A. Maria Banumathy, Head, Department of Zoology, St. Mary's College, Tuticorin for their encouragement.

I thankfully acknowledge the support length by Mr. Sudhakar of Tuticorin for being helpful in collecting and supplying the specimens throughout my study period.

I acknowledge with thanks the authorities of UGC for financial support and leave provided to carry out my Ph.D. through FDP programme.

I remain ever thankful to my husband Mr. V. Subhas Chandra Bose, My children Master S. Gowtham and Kutty S. Nithila Priyanthi for their constant support and encouragement. Their prodigious patience, their care, the scarifies they have made for my shake. The selfless love of my family has brought me to this Doctoral level and I feel it is their great achievement.

My heartfelt thanks are due to Mrs. Fatima Babu, Lecturer SG, Department of English, St. Mary's College, Tuticorin for helping me in preparing the manuscript of my thesis.
I thank my brother Mr. U. Balasundar, B.Sc., HDSE., for the neat execution of this thesis.

I thank Mr. S. Subbiah, Lab. Assistant (Rtd) for help rendered by him at every stage of my research.
