ACKNOWLEDGEMENT

I would like to express my deep and sincere gratitude to my Research Guide, Dr. R. Ananda Natarajan, Professor and Head, Department of Electronics and Instrumentation Engineering, Pondicherry Engineering College, Puducherry, for his excellent guidance and whole hearted involvement during my research work. His understanding, encouragement and personal guidance have all contributed to the present form of the thesis.

I thank Dr. V. Prithiviraj, Principal, Puducherry Engineering College for his support and motivation to bring my research work a successful one.

I specially thank Dr. H.P. Patil, Professor of Mathematics, Ramanujan School of Mathematics and Computer Science, Pondicherry University, Puducherry and a member of the Doctoral Committee, for his constructive comments, and support throughout the period of this work.

I am very much thankful to Dr. A. Muthuramalingam, Professor and Head, and Dr. S. Himavathi, Professor, Department of Electrical and Electronics Engineering, Pondicherry Engineering College, for their help whenever approached.

I am deeply grateful to Dr. K. Manivannan, Professor, Department of Electrical and Electronics Engineering, Pondicherry Engineering College, and a member of the Doctoral Committee, for his constant involvement in making my research work more significant by providing constructive suggestions during the entire period of research work.

I am greatly indebted to Dr. P. Rameshbabu, Associate Professor, Department of Electronics and Instrumentation Engineering, Pondicherry Engineering College, for his inspiring help and personal care for the completion of this research work.

I extend my sincere thanks to late. Shri N. Kesavan, Founder Chairman, Shri M. Dhanasekaran, Chairman and Managing Director, Shri S.V. Sugumaran, Vice-Chairman of Sri Manakula Vinayagar Engineering College, Madagadipet, Pondicherry, for rendering their constant encouragement to carry out the present research work and to complete it at the earliest. I also extend my
sincere thanks to Dr. V.S.K. Venkatachalapathy, Director, Sri Manakula Vinayagar Engineering College, Madagadipet, Puducherry, for his constant support, motivation, guidance, caring advice and timely encouragement.

I submit my sincere thanks to Dr. T. Senthilvelan, Professor and Head, Department of Mechanical Engineering and Dr. Alamelu Nachiappan, Associate Professor, Department of Electrical and Electronics Engineering, Pondicherry Engineering College, for their valuable suggestions.

I extend my gratefulness to the faculties of Electrical and Electronics Engineering and Electronics and Instrumentation Engineering Departments of Pondicherry Engineering College, for their support. I specially thank Mrs. M. Florance Mary, Asst.Professor, Department of Electronics and Instrumentation Engineering, Pondicherry Engineering College, for proof reading of my thesis.

I greatly acknowledge the valuable help rendered by Mr. S. Thiyagarajan, Retired Public Analyst, Public Health Department, Government of Pondicherry, for the conduct of the experiments and lab study.

On my personal note, I whole heartedly acknowledge the support, encouragement and advice rendered by my late father Prof. S. Saravanan, and my mother Mrs. S. Tamilarasi, who laid the basement to buildup my carrier to this height. I also submit my gratitude to my beloved husband Dr. R. Narasimman and to my daughter Ms. N. Subaashini, the persons accompanying me throughout my path, for their commendable sacrifice and continuous support. My heartfelt thanks are also submitted to my brother Dr. S. Aravazhi, and to my sister Mrs. Arivumalar Maran for their affection, encouragement, adjustment, support and innumerable help.

Finally, I am much delightful in dedicating this work to my beloved parents, whose blessing is always driving me towards success.

Anbumalar S.
