Acknowledgements

Several people have played a key role in helping me to do such research. Their co-operation and advice served to convert a research into finished product. I would like to express my deep-rooted vote of thanks to Dr. Praveen JadHAV who guided me, research skills required for successful, enthusiastic and applied research work.

I especially express my deep gratitude to Honorable Shreemant Sanjeevraje Nimbalkar; Secretary, Phaltan Education Society, Phaltan; Respected former Principal Dr.Rajendra shaha, Principal, Dr.Sarjerao Gholap, Mudhoji College, Phaltan to awarding fellowship. I am deeply grateful to Prof. Vijay Karekar, the Dean and Prof. Jyoti Patil, faculty of social sciences, T.M.V, Pune.

I must thanks to Librarian and faculty of department of Agricultural Economics, Agriculture College, Pune, Gokhale Institute of Politics and Economics, Pune, Tilak Maharashtra Vidyapeeth, Pune, Shivajiraje Horticulture College, Phaltan, Mudhoji College, Phaltan and other research centre to facilitate research facilities. I also thankful to all the executives of various organizations and government offices whose data and reports have been supporting my research. My special thanks to all the farmers those gave not only proper information regarding cost of flower cultivation but also welcome as ‘Atithee Deoa Bhav’. I am thankful to my brother shri Pradeep Kadam who gave accompanies at fieldwork.
My special thanks to Prof. Shaji Sahdevan, Rastramata Indira Gandhi College, Jalana, for his guidance in statistical technique. I must thanks to Prof. Sanjay Dixit, Prof. Navnath Raskar, Prof. Prabhakar Pawar, Prof. Ashok JadHAV, Prof. Jyotsna BORATE, Prof. Dr. Santosh Lalge, Prof. Dr. Sunil Bhosale and also my colleagues who have helped me directly or indirectly. I also thanks to Mahesh Shinde for his co-operation in computer technique. It is difficult to acknowledge sufficiently the contribution of my families. They have been too considerate to me.

I do hope this research work will useful to policy makers, progressive farmers, researcher and students of farm management.

Pandharinath Kadam
