ACKNOWLEDGEMENT

Favourable opportunities and associations for one do come very rarely and that too quite unexpectedly by the divine grace of God. I am grateful as I had it when I came to associate with Sree Sankaracharya University as a member in the Faculty of English. Founded in the name of His Holiness Sree Sankara and situated in his birth place, Kalady, the University caters to the educational needs of aspirant insider-outsiders and outsider-insiders. As a corollary to this came the contact with Dr.N.Prasantha Kumar, Head of the Dept. of English in the University. Being the scion of a traditional family of teachers I could easily find in him a great teacher imbued with erudition and sincerity in imparting it to his students. He took a parental care in me and agreed to guide me in my research work. With his able guidance I could delve a certain depth into the thrust area of my study. His task-masterly and stern demeanour catapulted me to diligently do the spadework promptly and to procure the primary and secondary data, to utilize all available sources and to complete the work as punctually as possible. Thankfully do I acknowledge the academic services he rendered to me for its successful completion.

I acknowledge with thanks to my parents who spared me off all domestic chores, my brother for the excellent lay out of the work and the printer for the neat and elegant execution of it.
I acknowledge with gratitude all my friends and well-wishers here and abroad for bringing all the available materials within the range of my accessibility.

Kalady
