Acknowledgements

I express a deep sense of gratitude to Dr. Sukhjit Singh Dhaliwal, Professor, Department of Mathematics, Sant Longowal Institute of Engineering and Technology (Deemed to be University), Longowal and Dr. Vinay Kanwar, Associate Professor, UIET, Panjab University, Chandigarh, for their invaluable guidance, untiring efforts, continuous inspiration and co-operation throughout the course of this work. Indeed, their critical observations and constructive criticism have enabled me to present the work in the present form.

I thankfully acknowledge the co-operation extended by the authorities and in particular, by faculty of Mathematics Department, of Sant Longowal Institute of Engineering and Technology, Longowal, Punjab, India.

I thankfully acknowledge the help of authors of various articles, manuscripts and books which I have used freely during the course of this study.

Thanks to my parents for blessing me and to my wife Kirti for her patience and understanding. The angelic smiles of my children Saksham and Nitya rejuvenated my energies all the time. I am grateful to the Almighty for blessing me with such a co-operative family.

Finally, I would like to dedicate this work to my mother Smt Raj Kumari Mehta and my father Sh. Ved Parkash.

Last but not the least, thanks to God for my life through all tests in the past four years. May His name be exalted, honoured and glorified.
