1.8.2 Antigen Characterization 23
1.8.3 Adjuvants 25
1.8.4 Vaccines 29

[A] Sporozoite Vaccine 32
[B] A Sexual Blood Stage Vaccine 35

AIMS AND OBJECTIVES 37

2. MATERIALS 41

2.1 Animals 41
2.2 Cell-line 41
2.3 Anticoagulants 41
2.4 Gels 41
2.5 Preservatives and Antibiotics 41
2.6 Strains and Dye 42
2.7 Conjugate and Substrate 42
2.8 Immunoadjuvant 42
2.9 Chemicals 42

3. METHODS 44

3.1.1 Maintenance of \textit{Plasmodium berghei} 44
3.1.2 Counting of Percent Parasitaemia 44
3.1.3 Preparation of Leishman Stain 44

3.2 Biochemical Studies 45

3.2.1 Extraction of Lipids 46
3.2.2 Estimation of Total Lipids 47
3.2.3 Estimation of Phospholipid 48
3.2.4 Estimation of Cholesterol 51
3.2.5 Estimation of Lipid Peroxidation 52
3.2.6 Isolation of Nucleic Acids

[A] Estimation of Deoxyribonucleic Acid 54

[B] Estimation of Ribonucleic Acid 55

3.2.7 Estimation of Protein 56

3.2.8 Estimation of Glycogen, Carbohydrate and Glucose 57

3.2.9 Enzymatic Assays in Liver Tissue 61

[A] Estimation of Liver Transaminase 61

[B] Estimation of Liver Phosphatase 64

3.2.10 Enzymatic Assays in Serum 65

[A] Estimation of Serum Transaminase 65

[B] Estimation of Serum Phosphatase 66

3.2.11 Histochemical Methods 66

[A] Histochemical Staining of Total Lipids 67

[B] Histochemical Localization of Nucleic Acid 68

3.3 Immunization Studies 69

3.3.1 Antigen Preparation 69

[A] Isolation of Parasitized Erythrocytes 69

[B] Lysis of Parasitized Erythrocytes 70

[C] Purification of Parasites 71

[D] Preparation of Soluble Antigen 72

3.3.2 Checking the Purity of Isolated Antigen 72

[A] Immunodiffusion 76

[B] Counterimmunoelectrophoresis 77

[C] Polyacryl amide Gel Electrophoresis 77
3.3.3 Biochemical Estimation

[A] Protein Estimation
[B] RNA Estimation
[C] DNA Estimation
[D] Hexoses Estimation

3.3.4 Characterization of *P. berghei* antigen by SDS-PAGE

3.3.5 Immunization Studies

3.3.6 Total Leucocyte Count

3.3.7 Serum Enzyme Chemistry

3.3.8 Detection of *P. berghei* Specific Antibodies

[A] Immunodiffusion
[B] Indirect Haemagglutination Test
[C] Enzyme Linked Immunosorbant Assays (ELISA)

3.3.9 Assessment of Cell Mediated Immunity

[A] Leucocyte Migration Inhibition Test
[B] Delayed Type Skin Hypersensitivity Reaction (DTH)

3.3.10 Challenging the Animals

[A] Detection of Humoral Immune Response
[B] Detection of Cell Mediated Immune Response

3.4 Histopathological Studies

4. RESULTS

4.1 Maintenance of *Plasmodium berghei*

4.2 Gross Changes in *P. berghei* Infected Liver of Albino Mice
4.3 Biochemical Studies

4.4 Immunization Studies

4.4.1 Isolation of Antigen

[A] Removal of Leucocytes

[B] Erythrocyte Lysis

[C] Purification of Parasites

[D] Preparation of Soluble Antigen

4.4.2 Checking the Purity of Antigen

4.4.3 Bioinolecule Estimations

4.4.4 Characterization of *P. berghei* antigen

4.4.5 Total Leucocyte Count

4.4.6 Biochemical Assays in Immunized Animals

4.4.7 Detection of *P. berghei* Specific Antibodies

4.4.8 Detection of Cell Mediated Immune Response

4.4.9 Post Challenge Studies

4.4.10 Histopathological Studies

[A] Kidney

[B] Spleen

[C] Liver

5. DISCUSSION

6. CONCLUSION

7. BIBLIOGRAPHY
