The investigator is highly grateful to Maulana Syed Manzoor Mohsin Sahib and Dr. S. Ferman Ali, Readers in the same Department for their valuable guidance and encouragement.

Thanks are also due to Dr. Manzoor Naqi Rizvi and Mr. S.B. Imam Rizvi of New Jersey, U.S.A. who always kept me abreast with the latest development in U.S.A. and in the Western World in this area of vital importance.

I am extremely thankful to my Father-in-law, Late Maulana Syed Hamid Husain Rizvi, who did not only give me the ideas to work upon this topic but had always been ready
to support me whenever I was in difficulty. I wish he could be alive to-day to see his ambitions completed.

I am also thankful to Mr. Arif Ali Khan, Lecturer in +2 programme for the pain he took in proof-reading and getting the material typed.

Last but not the least I am thankful to my husband, my kids and particularly to Master S.A. Naqi my youngest child, for their active cooperation, without which this work could have not been completed.
