ACKNOWLEDGEMENT

I wish to express my feelings of gratitude and indebtedness to my supervisor, Dr. Kabir-ud-Din, who introduced me with the problem and its frontiers and guided me with keen interest throughout this endeavour. It was a real pleasure to work with him in an atmosphere of full freedom which he very generously provided me. Thanks are also due to Drs. M. A. Baj and A. A. Khan, Readers in the Department, for their help and affection.

I am grateful to Prof. W. Rahman, Head, Department of Chemistry, for providing all possible facilities and a healthy atmosphere.

Thanks are also due to my research colleagues, Mr. Mohd. Shahid, Miss Zubaida Khatoon and Mr. Aijaz H. Khan, for their cooperation and Mr. Abdul Rauf, Research Scholar in Department of Zoology, for fruitful discussions.

I gratefully acknowledge the financial assistance given by the Aligarh Muslim University, Aligarh, in the form of University Research Fellowship for completion of this work.

In the end, it is a pleasure to thank Mr. Rao Muzaffar Ali Khan one of my dearest friends for his keen interest and valuable suggestions.

IQRAR AHMAD KHAN
