ACKNOWLEDGEMENTS

I would like to express great gratitude to my supervisor, Professor M. Wajid Khan, Department of Botany, Aligarh Muslim University, Aligarh, for suggesting the problem, encouragement, active guidance and keen interest throughout my studies and preparation of this thesis.

A grateful acknowledgement is made to Professor Wazahat Husain, Chairman, Department of Botany and to Professor M. S. Jairajpuri, F. N. A. Director, Institute of Agriculture, Aligarh Muslim University, Aligarh, for providing all the facilities required for the study and preparation of this thesis.

I am greatly thankful to my lab. colleagues, for their kind help and cooperation during my research work.

I am indebted to my parents and other family members for encouragement, support and care throughout my studies.

And this acknowledgement will be incomplete if I did not mention thanks to my typist of Integrated Computers.

Finally, I beg to express my gratitude, thanks, appreciation and indebtedness to the ALMIGHTY GOD for providing and guiding all the channels to work in cohesion and coordination which made my study possible.
