ACKNOWLEDGEMENT

I feel great pleasure at the completion of this research work and would like to show deep indebtedness and sincere gratitude to all those who helped me in the completion of this work.

I like to express my indebtedness and sincere gratitude to my supervisor Dr. Mohd. Jameel Ahsan, Reader, Dept. of Statistics and Operations Research, Aligarh Muslim University, Aligarh, for his invaluable guidance, and constant encouragement throughout the course of this research work. His great involvement and sympathetic behavior enabled me to complete this work within the stipulated time.

I am extremely grateful to Prof. S. U. Khan, Chairman, Department of Statistics and Operations Research and Prof. S. Rahman (Ex-Chairman) for providing me necessary facilities to complete this work. I am also thankful to Prof. A.H. Khan and Prof. Zaheeruddin for their constant encouragement and well wishes during the pursuit of this work.

I am also thankful to all teaching and non-teaching members of the department especially to Dr. S.M. Arshad, for their kind help and co-operation.
I shall be failing in my duty if I do not express my gratitude to Mr. M. G. M. Khan, and Mr. Md. Almech Ali, research scholars of this department for their encouragement and moral support, which enabled me to pursue this research work and write this thesis. Thanks are also due to all research scholars and friends for their encouragement and well wishes.

I am grateful to the Govt. of India for awarding me India- Bangladesh General Cultural Exchange scholarship for this course of study.

I am also grateful to the University of Dhaka, Dhaka, Bangladesh for granting me study leave for this course of study.

Finally, a very special acknowledgement is due to my husband Mr. Jamil Akhter, for his support, assistance and encouragement which inspired me all the time, and to our daughter Mayeesha for giving up the time that belonged to her.
