C E R T I F I C A T E

This is to certify that the work presented in this thesis, entitled **Petrological and Geochemical Study of the Granitic Rocks of Bundelkhand Massif in the Jhansi, Lalitpur area, U.P, India** has been carried out and completed by Mr. Md. Erfan Ali Mondal under my supervision at the Department of Geology, Aligarh Muslim University, Aligarh.

This work is an original contribution to the knowledge of geochemistry and petrology of Bundelkhand massif. The research work presented here has not been submitted for any other degree at this or any other University.

I recommend that Mr. Md. Erfan Ali Mondal be allowed to submit the thesis for the award of the degree of **Doctor of Philosophy** in **Geology** of the Aligarh Muslim University, Aligarh.

Prof. (SYED M. ZAINUDDIN)
