ACKNOWLEDGEMENT

I wish to express my deep sense of gratitude to my supervisor, Dr. N.A. Siddiqi, Reader in Geography, Muslim Aligarh University, Aligarh, for his constant encouragement, advice and valuable suggestions and also for giving sufficient time to read the entire manuscripts. My thanks are also due to Dr. Mohd. Yahia Farooqi, Lecturer, Department of Geography, A.M.U. Aligarh for giving me valuable suggestion regarding the chapter on 'Nutritional Deficiency Diseases'. I shall be failing in my duty if I do not acknowledge my thanks to Sri. Shiva Lal Gupta, Engineer, for giving me help in the compilation and analysis of data, I am also thankful to Dr. R.N. Vedalankar for his helpful suggestions and correcting the typed copy. My thanks are also due to Messers Wajihuddin, Moin Quraishy, Librarian Geography Seminar Library, Department of Geography, A.M.U. Aligarh for giving me all possible help in the collection of relevant data and information for inclusion in the thesis.
I also owe to Mr. Majhar Hussan Senior Cartographer for providing me necessary topographical sheets needed in the preparation of maps.

I would like to thank the officials of the district Bareilly for supplying me necessary information and relevant data in respect of my thesis. In this respect I would like to add the name of Sri Shiva Raj Sigh, Sadar Kanungo, Bareilly district for placing the relevant material at my disposal.

T.N.Agrawal
