ACKNOWLEDGEMENTS

It is a great privilege to put on record my profound sense of gratitude and indebtedness to my guide Dr. R. CHANDRAMANI for her invaluable guidance, constant encouragement and suggestions given during the course of this investigation. Her amicable nature will always be a pleasant memory in my life.

I am grateful to Prof. S. Seshan, scientist emeritus, Department of Mechanical Engineering, Prof. P. K. Das, Department of Inorganic and physical chemistry, Dr. H. L. Bhat, Department of Physics at Indian Institute of Science, Bangalore for extending their laboratory facility. I am also grateful to Prof. S. Natarajan, Department of Physics, Madurai Kamaraj University for providing XRD facility. I sincerely thank Prof. K. Thyagarajan, JNTUA College of Engineering, Pulivendula and Dr. R. Padma Suvarna, JNTUA Anantapuramu for their help and encouragement.

I would like to express my deepest sense of gratitude towards Dr. S. M. Venkatapathi, the chairman, M.G. Charitable trust and East group of educational institutions, Bangalore for his constant support and encouragement. I am immensely thankful to Dr. B. M. Satish, the principal, East College of engineering and technology, Bangalore for his support and guidance.

I am sincerely thankful to my colleague Dr. M. Shankar, Department of Mathematics and Dr. Ashok Kumar, Department of
chemistry, VIT, Vellore for their help in getting the research articles for reference.

My special thanks to my research mates Dr. Ravishankar and Dr. Rajkumar, Department of Physics Dayananda Sagar College of engineering.

Finally, and most importantly I would like to thank my wife Smt. G. Umadevi and my daughter M.Keerthi Reddy for their support and encouragement.

(G.MARUTHI)
