

LIST OF TABLES

TABLE NO.	TITLES	PAGE NO.
1 :	Personal Characteristics of Respondents	140
2 :	Family Characteristics of Respondents	141
3 :	Sources of Family Income of Respondents	144
4 :	Exposure to Mass-Media by the Respondents	146
5 :	Extent of Exposure to Mass-Media by Respondents	148
6 :	Exposure of Respondents to Community and Development Programmes	149
7 :	Level of Extension Contact of the Respondents	151
8 :	Extent of Participation in Community and Development Programmes	152
9 :	Impact of Participation in Development Programmes as Perceived by the Respondents	153
10 :	Reasons of Non-Participation in Community and Development Programmes Reported by Respondents	154
11 :	Migration Pattern of Respondents	157
12 :	Reasons of Migration as Reported by Respondents	159
13 :	Problems Encountered by Respondents Due to Migration	160
14 :	Type of Work at Place of Migration	161
15 :	Occupational Profile of the Employed Respondents	163
16 :	Type of Work and Income Earned by Employed Respondents	164
17 :	Source of Training for the Employment of the Respondents	164
18 :	Opinion of Respondents Regarding Employment	165

TABLE NO.	TITLES	PAGE NO.
19	Impact of Employment on Status as Perceived by the Respondents.	166
20	Frequency, Responsibility and Help Received in Performing Household Tasks by Respondents	170
21	Frequency, Responsibility and Help Received in Performing Animal Care, Agricultural and Allied Activities by Respondents	179
22	Mean Time Spent in Household Work by the Respondents (in minutes per day)	191
23	Mean Time Spent in Animal Care, Agriculture and Allied Work (in minutes per day)	195
24	't' Values Showing Differences in Mean Time Spent on Productive Work and Non-Productive Tasks Between Employed and Non-Employed Respondents	198
25	Mean Monthly Valuation of Non-Market and Economic Role Performed by Employed and Non-Employed Respondents by Opportunity Cost Method Based on Earning Function	203
26	Monetary Value Estimation of Productive Tasks According to Market Alternative Individual Function Cost Method	205
27	Mean Monthly Valuation of Non-Market Work and Economic Role Performed by Employed and Non-Employed Respondents by Market Alternative Individual Function Cost Method	206
28	Comparison of Mean Monthly Value Estimation of Non Market Work of Employed and Non-Employed Respondents by Various Methods	207
29	Economic Contribution of Respondents Through Non-Market Work to Family Income	209
30	Economic Contribution of Respondents Through Market Work to Family Income	210
31	Economic Contribution of Respondents Through Market Work to Different Family Income Groups	211

TABLE NO.	TITLES	PAGE NO.
32 :	Percentage Monthly Economic Contribution of Respondents to Family Income	211
33 :	Level of Economic Role Performance of Respondents	213
34 :	Marriage Profile of Respondents	216
35 :	Opinion of Respondents Regarding Family Size and Health Care Practices	217
36 :	Leisure Time Available to the Respondents	218
37 :	Pattern of Utilization of Leisure Time by the Respondents	219
38 :	Freedom and Control Over Use of Money by Respondents	220
39 :	Independence and Authority as Enjoyed by the Respondents	222
40 :	Decision Making Practices of Respondents in Personal Matters	224
41 :	Decision Making Practices of Respondents in Family Matters	226
42 :	Decision Making Practices of Respondents in Farm Matters	229
43 :	Perception of Respondents Regarding Non Participation in Decision Making	230
44 :	Level of Present Status of Respondents	231
45 :	Chi-Square Values Showing the Association Between Status Scores With Selected Variables	234
46 :	Housing Conditions of Respondents	237
47 :	Health Status of Respondents and Family Members As Reported by the Respondents	238
48 :	Food Consumption Pattern of Respondents	240
49 :	Percent Total Calories Derived From Different Sources of Food	242
50 :	Food Adequacy Per Consumption Unit for Calorie Requirement	243

TABLE NO.	TITLES	PAGE NO.
51 :	Mean Monthly Expenditure Pattern Per Consumption Unit in Tribal Households	245
52 :	Adequacy of Savings as Perceived by Respondents	249
53 :	Material Possessions of Respondent Households	250
54 :	Percentage Distribution of Respondents According to Level of Household Development	251
55 :	Perception of Respondents Regarding their Contribution to Household Development	253
56 :	Chi-Square Values Showing the Association Between Household Development Scores and Selected Variables	254
57 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work Due to Age of the Respondents	259
58 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work by Employment Status of Respondents	260
59 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work Due to Education of Respondents	261
60 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work Due to Family Type of Respondents	263
61 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work According to Family Size of Respondents	264
62 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work According to Family Income of Respondents	266
63 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work According to Family Occupation	267
64 :	Differences in Time Spending Pattern on Household, Agriculture and Allied Work Due to Participation in Development Programmes by Respondents	269

TABLE NO.	TITLES	PAGE NO.
65 :	Chi-Square Values Showing the Association Between Economic Role Performance and Selected Variables	270
66 :	Linear Multiple Regression Showing Impact of Various Determinants on Status of Respondents	273
67 :	Linear-Multiple Regression Showing Impact of Various Determinants on Household Development of Respondents	276
68 :	Correlation Coefficient Values Showing Impact of Economic Role with Household Development and Status of Respondents	278
69 :	't' Value Showing Difference in Status Between Employed and Non-Employed Respondents	278
70 :	't' Value Showing Difference in Household Development Between Employed and Non-Employed Respondents	279
71 :	Mean Monthly Valuation of Non-Market Work and Economic Role Performed by Employed and Non-Employed Respondents by Opportunity Cost Method II, Based on Earning Function.	404
72 :	Mean Monthly Valuation of Non-Market Work and Economic Role Performed by Employed and Non-Employed Respondents by Opportunity Cost Method, Based on Weighted Averages.	407
73 :	Dietary Pattern of Tribal Households	410
74 :	Total Time Utilization Pattern of Respondents (1440 minutes per day)	412
75 :	Time Spent in Various Productive Activities (Observed time and reported time)	413
76 :	Distribution of Economic Role Performance by the Respondents According to their Education Level	414
77 :	Distribution of Economic Role Performance by the Respondents According to Marital Status	414

TABLE NO.	TITLES	PAGE NO.
78 :	Distribution of Economic Role Performance by the Respondents According to Family Size	414
79 :	Distribution of Economic Role Performance by the Respondents According to Caste	415
80 :	Distribution of Economic Role Performance by the Respondents According to Main Family Occupation	415
81 :	Distribution of Economic Role Performance by the Respondents According to Participation in Community and Development Programmes	415
82 :	Distribution of Status Score of Respondents According to Age	416
83 :	Distribution of Status Score of Respondents According to their Educational Level	416
84 :	Distribution of Status Score of Respondents According to their Employment Status	417
85 :	Distribution of Status Score of Respondents According to Marital Status	417
86 :	Distribution of Status Score of Respondents According to Family Size	418
87 :	Distribution of Status Score of Respondents According to Family Size	418
88 :	Distribution of Status Score of Respondents According to Main Family Occupation	419
89 :	Distribution of Status Score of Respondents According to Participation in Development Programmes	419
90 :	Distribution of Household Development Scores According to Age of Respondents	420
91 :	Distribution of Household Development Scores According to Educational Level of Respondents	420

TABLE NO.	TITLES	PAGE NO.
92 :	Distribution of Household Development Scores According to Family Type of Respondents	421
93 :	Distribution of Household Development Scores According to Main Family Occupation	421
94 :	Distribution of Household Development Scores According to Family Income	422
95 :	Distribution of Household Development Scores According to Mass-Media Exposure of Respondents	422
