ACKNOWLEDGEMENT

I feel highly indebted when I express my deep sense of gratitude to Dr. G.R. Pandya whose invaluable and untiring guidance encouraged me throughout the course of my research work.

I take this opportunity to express my grateful thanks to Prof. A.B. Darji, Head, Physics Department, for his keen interest in the work and providing excellent laboratory facilities.

I am particularly grateful to Prof. V.P. Bhatt and Dr. C.F. Desai for their useful suggestions, discussions and unflailing co-operation.

My thanks are due to Prof. D.R.S. Somayajulu, Dr. B.B. Thakar, Dr. N.L. Singh, Dr. R.C. Shah, Dr. M. B. Sureshkumar and Dr. P.K. Mehta for their kind help and encouragement. I also express my sincere thanks to Dr. Raveendran, Dr. S.S. Siddiqui, S.M. Vyas, and Naresh Patel for extending their kind help in the laboratory in one way or another. I am also thankful to the staff of the Central Workshop for their co-operation whenever required during the course of my work.

Further, my heartiest thanks are also due to Dr. K.V. Rao (R&D, I.P.C.L.) for the EDAX of the samples. It is my pleasant privilege to thank Prof. S. Murthy, Head, Metallurgy Department, Faculty of Tech. & Engg., for XRD and to Dr. (Ms.) S.S. Kansára and Dr. (Ms.) Nilima, Chemistry Department for the optical spectra of the samples.

I can never forget the moral support given by my bosom friend Mr. B.G. Tripathi and all the members of my family.

Lastly, I am thankful to Mr. Manjit Banga and his team, Varsha, Shilpa and Viren (Midea Point) for excellent Laser typesetting of the thesis.
