</table>
Percentile points of the Components of Section-II. The Situational and Innovation Characteristic Scale.

Percentile points of the Components of Section-III. The Change Related Values Questionnaire.

A Schematic Presentation of the number of Components and the number of items in each Component of the Innovative Proneness Scale for Teachers of Secondary Schools.

A Schematic presentation of the number of components and the number of items in each component of the correlates used to measure the Dissonance State of the teachers.

The Reliability Co-efficient of Thurston Temperament Schedule.

Biserial Coefficient of Correlation between the ratings and the test.

Halpin's Quadrant Scheme for describing the Principal's Behaviour.

Halpin's Proto-typic Profiles.

Characteristics of Different types of Organisational Climate.

Four Dissonant Consonant types on the basis of Individual's Attitudes toward an Innovation and their Behaviour.
| 4:0:2 | Four Dissonant-Consonant types on the basis of Innovation Behaviour and Confirmed Innovation Behaviour. |
| 4:0:3 | Four Dissonant-Consonant types on the basis of Individual Attitudes toward an Innovation and Confirmed Innovation Behaviour. |
| 4:1:1 | Age of Secondary Teachers and Percentage of Dissonance State. |
| 4:1:2 | Sex of Secondary School Teachers and Percentage of Dissonance State. |
| 4:1:3 | Teaching Experience of Secondary School Teachers and the percentage of Dissonance State. |
| 4:1:5 | Mobility of Secondary School Teachers and Dissonance State. |
| 4:1:7 | Professional Reading Habits of Secondary School Teachers and Dissonance State. |
| 4:1:9 | Leadership Behaviour Patterns and Percentage of Teachers in Dissonance State. |
Organisational Climate of the School and Percentage of Teachers having Dissonance State.

Principals' Temperament Trait and Percentage of Dissonance State.

Teachers' Temperament Trait and their Percentage of Dissonance.

Types of Schools and Percentage of Dissonance State of Teachers.

Innovative Characteristics of the School and the Percentage of Dissonance State of Teachers.

Mean, S.D., and Significance of Difference between the Mean Scores of two Age-groups of Secondary School Teachers with respect to the Components of Attitude to Innovation.

Mean, S.D., and Significance of Difference between the Mean Scores of two Age-groups of Secondary School Teachers with respect to Attitude to Innovation.

Mean, S.D., and Significance of Difference between the mean Scores of two Age-groups of Secondary School Teachers with respect to the Components of Situational Characteristics.
