## SECTION VI

Opinion of Men and Women about Women's Status in the family and Society :

Opinion Statements	A	U	DA
--------------------	---	---	----

### I. Position in the family :

1. A married woman's most important task in life should be taking care of her husband.
2. A woman should realize that her greatest reward and satisfaction comes through her children.
3. If a wife works husband should share equally in household chores.
4. The father should spend as much time as the mother in looking after the daily needs of children.
5. Not only mother but father should also be able to quit from job when children need parent's help.
6. A woman should accept her fate of being a woman and her position in the family to be subjugated to man.

### II. With regards to decision making :

7. Being head of the family man should take all the major decisions and women should give their consent.
8. In a family a woman has every right to give her opinion and decide for the well being of the family.

Opinion Statements	A	U	DA
9. Joint decision taken by husband and wife can be more effective.			
10. Women are fit for household work, therefore outside affairs should be managed and decided by men.			
11. In families women should be considered while deciding over money matters.			
<b>III. With regards to education of Women :</b>			
12. Women are meant to be housewives, why educate them.			
13. Men are the financial supporters of the family, therefore, they should be educated only.			
14. Education makes women over smart, which can ruin their lives.			
15. Through education women become more independent.			
16. If women are educated they can manage family affairs more confidently.			
17. Government should pay more attention to women's education.			
18. In our country, educated women are the ones who are holding better position.			
19. Why parents should spend money on girls, education ultimately, she will leave the family.			
20. Education can be an effective mean for women to increase their job opportunity.			
21. Parents should not make any difference, between boy's and girl's education.			
22. Due to illiteracy women are deprived of many information which would held them to demand their own right in the society.			

**IV. With regards to employment :**

23. For a women her job should be as important as her husbands.
24. A working wife should give up her job whenever it inconveniences her husband.
25. A working wife should not try to get ahead in job in the same way that a man does.
26. In order to have economic freedom in the family women should go for outside employment.
27. A mother of pre-school children should work only if the family needs the money for supporting day to day needs.
28. There should be more day care centres and nursery schools so that more mothers can take up jobs.
29. If a wife makes more money than husband he should not feel inferior.
30. If being a mother isn't satisfying enough, woman should take up a job.
31. A mother with pre-schooler should be able to devote her time in her working place as their father.
32. In manual work employer should not make any difference in payment for either sex.
33. A woman should feel free to go for gainful employment to improve her family economic condition.

**V. With regards to socio-political opportunity :**

34. A woman should be able to participate in community activities as men do.
35. There is no harm if women become politically involved.
36. Women are meant to take care of family not outside affairs.

---

Opinion Statements	A	U	DA
37. In political sphere women can do as much as men can do.			
38. Social customs and rituals should not be imposed on women but they should be left free to decide for themselves.			
39. Women should get full support from men in their family and society if they become interested in political affairs.			
40. Involvement in political affairs can make women lose their femininity.			

---
