

LIST OF TABLES

TABLE NO.	TITLE	PAGE
1.	Relationship Between Literacy Rate and Age at Marriage.....	48
2.	Caste Wise Age at Marriage.....	48
3.	Villages Under Study.....	124
4.	Personal Characteristics of Respondents	136
5.	Family Characteristics of Respondents..	140
6.	Participation by the Respondents in Various Types of Decision Making for Expenditure on Daily Items.....	143
7.	Participation by the Respondents in Various Types of Decision Making for Expenditure on Household Assets.....	146
8.	Types of Decision made by the Respondents for Allocating Money for General Items.....	149
9.	Participation by the Respondents in Various Types of Decision Making for Children Centred Items.....	154
10.	Extent of Participation by the Respondents in Deciding Family Size....	157
11.	Types of Decision Made by the Respondents for Farm Related Items.....	158
12.	Extent of Freedom Enjoyed by the Respondents in Deciding for Farm Items.	162
13.	Opinion of the Respondents About their Extent of Over All Role in Managerial Decision for the Family Activities.....	164
14.	Percentage Distribution of Respondents on the Basis of Score Obtained for the Level of Participation in Managerial Decisions.....	165

TABLE NO.	TITLE	PAGE
15.	Percentage Distribution of Respondents for the Level of Participation in Managerial Decision by Literacy Level..	166
16.	Extent of Freedom Enjoyed by the Respondents in Spending Family Income..	168
17.	Percentage Distribution of Respondents by Family Members With Whom the Family Cash was Kept.....	169
18.	Help Received by Family Members in Performing Various Household Activities	171
19.	Observance of Traditional Customs and Behaviour Related to Women.....	173
20.	Extent of Participation by the Respondents in Social Activities.....	175
21.	Age of Respondents at the Time of Their Marriage.....	176
22.	Extent of Participation by the Respondents in Deciding Their Own Employment.....	178
23.	Mean Score for the Indicators of Status of Respondents as Women.....	179
24.	Percentage Distribution of Respondents on the Basis of Scores Obtained for the Level of Status as Women.....	180
25.	Percentage Distribution of Respondents for the Level of Status by Literacy Level.....	181
26.	Opinion of the Respondents About the Ideal Number of Children to be Born in Order to give them Better Care and Education.....	183
27.	Opinion of the Respondents about the Number of Children in the Family with Regards Income and Education.....	184
28.	Preference given by the Respondents Regarding Education of their Children..	184

TABLE NO.	TITLE	PAGE
29.	Reasons given by the Respondents for Preferring Sons/both for Education.....	185
30.	Correlation Matrix Between Status of Women and its Determinants.....	187
31.	Summary of Regression Analysis (Stepwise Multiple) of Selected Five Variables on the Status of Women.....	188
32.	Level of Status of Women on the Basis of Status Opinion Score of the Women Respondents.....	192
33.	Level of Status of Women on the Basis of Status Opinion Score of the Men Respondents.....	192
34.	Awareness among the Respondents about Various Organizations Working for the Development of the People.....	195
35.	Membership in the Organization and Frequency of Visit by the Respondents..	196
36.	Role Played by the Respondents While having the Membership in the Organization.....	197
37.	Awareness About Mahila Mandal.....	198
38.	Membership and the Extent of Participation in Mahila Mandal by the Respondents.....	199
39.	Reasons given by the Respondents for not Participating in Mahila Mandal.....	200
40.	Objectives Stated by the Respondents Holding Membership in Mahila Mandal....	201
41.	Awareness and Participation by the Respondents in Literacy Programme.....	201
42.	Reasons for not Joining Adult Literacy Programme and the Extent of Learning by those who Joined the Programme.....	202

TABLE NO.	TITLE	PAGE
43.	Awareness among the Respondents about Health Centre, Frequency of Visit and Purpose of Visiting the Centre.....	203
44.	Reasons given by the Respondents for not Visiting the Health Centre.....	204
45.	Awareness among the Respondents about Anganwadi/Balwadi, Facilities, their Use and Reasons for not Participating in the Programme.....	205
46.	Awareness and the Extent of Participation by the Respondents in Income Generating Programmes and Reasons for not Participating in the Programme.....	206
47.	Percentage Distribution of Respondents for the Scores Obtained for the Level of Participation in Developmental Programmes.....	209
48.	Percentage Distribution of Respondents for the Level of Participation in Developmental Programmes by Literacy Level.	209
49.	Extent of Exposure of Respondents to Urban Area for Different Purposes.....	211
50.	Exposure to Mass Media.....	213
51.	Extent and Contacts of Respondents with Different Link Agents.....	215
52.	Awareness Among the Respondents about their Legal Rights.....	216
53.	Regression Coefficients of Factors Influencing Women's Participation in Developmental Programmes. (Equation-1).	218
54.	Regression Coefficients of Factors Influencing Women's Participation in Developmental Programmes. (Equation-2).	219

TABLE NO.	TITLE	PAGE
55.	Implication of Beta Coefficient.....	220
56.	Correlation Matrix.....	222
57.	Analysis of Variance for Participation in Developmental Programmes on the Literacy Level of Respondents and their Exposure to the Larger Environment.....	223
58.	Analysis of Variance for Participation in Developmental Programme on the Literacy Level of Respondents, their Exposure to the Larger Environment and Education Level of the Head of the Family.....	223
59.	Regression Coefficients of Factors Influencing Women's Status (Equation-3)	224
60.	Regression Coefficients of Factors Influencing Women's Status.(Equation-4)	225
61.	Implication of Beta Coefficient.....	226
62.	Analysis of Variance for Status of Women on Managerial Decision.....	226
63.	Analysis of Variance for Status of Women on Managerial Decision and Family Income.....	227
64.	Chi-square Values Showing the Association Between Respondents' Level of Participation in Managerial Decisions and Personal Variables.....	229
65.	Chi-square Values Showing the Association Between Respondents' Level of Participation in Managerial Decisions and Family and Situational Variables.....	231
66.	Chi-square Values Showing the Association Between Level of Participation in Developmental Programmes with Selected Variables.....	232

TABLE NO.	TITLE	PAGE
67.	Chi-square Values Showing the Association Between Level of Status and Selected Variables.....	234
68.	F-value Showing the Difference of Mean Scores on Extent of Participation in Money Centred Decision Between the Illiterate and Literate Groups of Respondents.....	235
69.	F-value of Difference of Mean Scores on Extent of Participation in Children Centred Decision Between the Illiterate and Literate Groups of Respondents.....	235
70.	F-value of Difference of Mean Scores on Extent of Participation in Farm Related Decision Between the Illiterate and Literate Groups of Respondents.....	236
71.	F-value of Difference Between the Mean Score on Status of Women and Status Indicators by Literacy Level of Female Respondents.....	237
72.	t-value Showing the Differences of Mean Between Women's and Men's Opinion Status Score.....	239
73.	t-values Showing the Difference of Mean Between Women's and Men's Opinion Status Score by Literacy Level.....	240
74.	F-values of Difference Between the Mean Opinion Scores-on the Status of Women by the Female and Male Literate Groups of Respondents.....	241
75.	F-values of Difference Between the Mean Opinion Scores on the Status of Women by the Female and Male Illiterate Groups of Respondents.....	243
76.	t-values Showing the Difference in Mean Between Illiterate and Literate Respondents on Managerial Decision, Developmental Programmes and Women's Status Score.....	244
