LIST OF FIGURES

Fig. 1.1 Area under study - Cochin.
Fig. 4.1 Temperature distribution with respect to month and time.
Fig. 4.2 Temperature tendency for three hour interval.
Fig. 4.3 Yearly variation of temperature (0830 hrs & 1730 hrs).
Fig. 4.4 Pressure distribution with respect to month and time.
Fig. 4.5 Pressure tendency for three hour interval.
Fig. 4.6 Yearly variation of Pressure.
Fig. 4.7 RH distribution with respect to month and time.
Fig. 4.8 RH tendency for three hour interval.
Fig. 4.9 Yearly variation of RH.
Fig. 4.10 Seasonal oscillation of temperature.
Fig. 4.11 Diurnal oscillation of temperature.
Fig. 4.12 Seasonal oscillation of pressure.
Fig. 4.13 Diurnal oscillation of pressure.
Fig. 4.14 Seasonal oscillation of Relative Humidity.
Fig. 4.15 Diurnal oscillation of Relative Humidity.
Fig. 5.1.1 Vertical time height sections of temperature.
Fig. 5.1.2 Vertical time height sections of specific humidity.
Fig. 5.2.1 Monthly precipitable water content for different layers.
Fig. 5.2.2 Daily precipitable water content during the months April, May and June.
Fig. 6.1  Diurnal variation of mean mixing heights for the four representative months.

Fig. 6.2  Diurnal variation of percentage frequency of Pasquill's stability classes for the four representative months.

Fig. 6.3  Figure showing 4km x 4km grids with sources.

Fig. 6.4  Isolines of average $SO_2$ concentration for January.

Fig. 6.5  Isolines of average $SO_2$ concentration for April.

Fig. 6.6  Isolines of average $SO_2$ concentration for July.

Fig. 6.7  Isolines of average $SO_2$ concentration for October.

Fig. 7.2.1  Spatial distribution of temperature for six hourly intervals (0530 hrs, 1130 hrs, 1730 hrs, 2330 hrs).

Fig. 7.2.2  Spatial distribution of Relative Humidity for six hourly intervals (0530 hrs, 1130 hrs, 1730 hrs, 2330 hrs).

Fig. 7.3.1  Mean monthly vector winds of three hourly surface observations.

Fig. 7.3.2  Wind stick plots.

Fig. 7.4.1  Isolines of Discomfort Index for different time and months over Cochin.

Fig. 7.4.2  Isolines of Discomfort Index for different stations in and around Cochin.
