ACKNOWLEDGEMENT

It would be impossible to do justice in a paragraph to many who have directly or indirectly contributed to my research work. There is a special pleasure in acknowledging the stimulus provided by Dr. R. A. Vora, Reader in Applied Chemistry Department, whose firm but friendly insisting guidance at every stage of work and wealth of advice, indeed caused the work to be completed.

I am sincerely thankful to Prof. Suresh Sethna, Pro Vice Chancellor, M.S. University of Baroda and Prof. S. M. Sen, Dean, Faculty of Tech & Engg., for their keen interest in my work. My thanks goes to Prof. A. M. Talati for providing adequate research facilities.

I am grateful to Prof. S. S. Merh, Dean, Faculty of Science and Prof. K. N. Trivedi, for their interest in my work. I am thankful to Dr. S. S. Lele and Shri S. S. Madhav Rao for providing the elemental analysis in due time. My sincere thanks also goes to Prof. S. Chandrasekhar, Liquid Crystal Laboratory, Raman Research Institute, Bangalore, for DSC analysis.

The Junior Research Fellowship provided by University Grants Commission is duly acknowledged.

Finally I owe a large debt of gratitude to all my colleagues and friends, for their continuous enthusiastic encouragement, active help and co-operation. The entire staff was helpful throughout the research work. To them I say, "Thank You".
