

LIST OF TABLES

Table	Title	Page
1	Distribution of respondents by gender	90
2	Distribution of respondents by occupation.	90
3	Distribution of respondents by personal income	91
4	Distribution of respondents by family income	92
5	Distribution of respondents by socio-economic status	93
6	Number of journeys during the reference period	93
7	Distribution of journeys undertaken by distance travelled	95
8	Purpose of journeys undertaken by class	96
9	Distribution of the respondents by pattern of utilization of services extended by IR	97
10	Distribution of respondents by degree of annoyance and action intended / taken	100
11	Distribution of respondents by reasons for no-action to seek redress	102
12	Distribution of respondents by reasons for private action to seek redress	103
13	Distribution of respondents by reasons for public action to seek redress	104
14	Distribution of respondents by extent of awareness about services of IR	106
15	Distribution of respondents by perceive service quality of IR	110
16	Distribution of the respondents by opinion about grievance redressal machinery	116
17	Distribution of respondents by their opinion about VCO	118
18	Distribution of respondents by CRSB with respect to services of IR (9 point Continuum)	124

Table	Title	Page
19	Comparison of mean of personal / family / situational characteristics in relation to CRSB	127
20	Coefficient of correlation for eleven variables including overall CRSB and CRSB related to selected service area	132
21	Differences between mean scores on overall CRSB and CRSB related to selected service areas by respondents' age	134
22	Differences between mean scores on CRSBR by respondents' education level	137
23	Differences between mean scores on overall CRSB and CRSB related to selected service area by personal income	139
24	Differences between mean scores on CRSBS by respondents' perceived service quality	143
25	Differences between mean scores on CRSBR and CRSBS by respondents opinion about GRM	145
26	Differences between mean scores overall CRSB, CRSBS, CRSBP and CRSBC by respondents' opinion about VCO	147
27	The table of F – to - Enter and the variables entered in regression equation in step wise multiple Regression Analysis conducted in relation to CRSB	155
