# CONTENTS

## CHAPTER 1 : INTRODUCTION
- Objectives ............................................ 4
- Review of Literature .............................. 5
- Organization of the Thesis ..................... 12

## CHAPTER 2 : METHODOLOGY, DATA AND ANALYTICAL FRAMEWORK
- Merits of Repeated Sampling Technique: A Theoretical Investigation .................. 16
- Data ..................................................... 22
- Method and Analytical Framework ...... 24
  - Construction of Life Tables ................. 25
  - Life Table Functions ......................... 28
  - Method of Constructing Abridged Life Table .......... 29
  - Standard Error of the Estimate of Life Expectancy ........ 31

## CHAPTER 3 : PATTERN OF AGE SPECIFIC DEATH RATES, 1992-98
- ASDRs at All-India Level ....................... 33
- ASDRs by Residence ............................ 36
- ASDRs by Region and State .................. 43
- ASDRs by Socio-Economic Characteristics ... 51
CHAPTER 4: ABRIDGED LIFE TABLES, INDIA, 1992-98
- The Trend in Life Expectancy by Residence
- The Trend in Life Expectancy by Region

CHAPTER 5: ABRIDGED LIFE TABLES BY STATE, 1992-98
- Life Expectancy by Region
- Life Expectancy by State

CHAPTER 6: PATTERN OF LIFE EXPECTANCY BY SOCIO-ECONOMIC CHARACTERISTICS
- Differentials by Residence and Religion
- Differentials by Caste and Standard of Living

CHAPTER 7: COMPARISON OF NFHS AND SRS DATA BASED LIFE TABLES
- About the SRS-based Life Tables
- Extent of Consonance in the Two Estimates

CHAPTER 8: TREND IN LIFE EXPECTANCY
- Trend in Life Expectancy during 1970-2005
- Future Trend in Life Expectancy

CHAPTER 9: SUMMARY AND CONCLUSIONS

REFERENCES
