LIST OF FIGURES

Graph 4.1 - Use of any other library/ies by students
CBSE North Zone ................................................................. 56

Graph 4.2 - Use of other library/ies
CBSE South Zone ............................................................... 56

Graph 4.3 - Use of other library/ies
CBSE East Zone ..................................................................... 56

Graph 4.4 - Use of other library/ies
CBSE West Zone ..................................................................... 57

Graph 4.5 - Use of other library/ies
State Board North Zone .......................................................... 58

Graph 4.6 - Use of other library/ies
State Board South Zone .......................................................... 59

Graph 4.7 - Use of other library/ies
State Board East Zone ............................................................ 59
Graph 4.8 - Use of other library/ies
State Board West Zone..............................................................59

Graph 4.9 - Use of other library/ies
Over-all picture...........................................................................60

Graph 4.10 - Students’ responses:
Reference book as 'most important'
information source......................................................................63

Graph 4.11 - Students’ responses:
CD as 'most important'
information source......................................................................64

Graph 4.12 - Students’ responses:
Newspaper as 'most important'
information source......................................................................65

Graph 4.13 - Students’ responses:
Concerned teacher as 'most important'
information source......................................................................66

Graph 4.14 - Students’ responses:
Librarian as 'most important'
information source......................................................................68
Graph 4.15- Students' responses:
Websites as 'most important' information source ............................................. 76

Graph 4.16- Students' responses:
'Most important' information source: Over-all picture.............................. 72

Graph 4.17- Newspaper reading habit of students:
CBSE North Zone .................................................................................. 74

Graph 4.18- Newspaper reading habit of students:
CBSE South Zone .................................................................................. 74

Graph 4.19- Newspaper reading habit of students:
CBSE East Zone .................................................................................... 75

Graph 4.20- Newspaper reading habit of students:
CBSE West Zone .................................................................................... 75

Graph 4.21- Newspaper reading habit of students:
State Board North Zone ........................................................................ 76

Graph 4.22- Newspaper reading habit of students:
State Board South Zone ........................................................................ 77

Graph 4.23- Newspaper reading habit of students:
State Board East Zone ............................................................................ 78
Graph 4.24- Newspaper reading habit of students:
State Board West Zone...............................................................78

Graph 4.25- Newspaper reading habit of students:
Over-all picture............................................................................80

Graph 4.26- Book reading habit of students:
CBSE North Zone........................................................................81

Graph 4.27- Book reading habit of students:
CBSE South Zone........................................................................81

Graph 4.28- Book reading habit of students:
CBSE East Zone...........................................................................82

Graph 4.29- Book reading habit of students:
CBSE West Zone...........................................................................83

Graph 4.30- Book reading habit of students:
State board Schools.......................................................................84

Graph 4.31- Book reading habit of students:
Over-all picture.............................................................................86

Graph 4.32- Magazine reading habit of students:
CBSE North Zone.........................................................................87

Graph 4.33- Magazine reading habit of students:
CBSE South Zone..........................................................................88
Graph 4.34- Magazine reading habit of students:
CBSE East Zone.................................................................88

Graph 4.35- Magazine reading habit of students:
CBSE West Zone.........................................................................89

Graph 4.36- Magazine reading habit of students:
State Board North Zone..............................................................90

Graph 4.37- Magazine reading habit of students:
State Board South Zone..............................................................90

Graph 4.38- Magazine reading habit of students:
State Board East Zone...............................................................91

Graph 4.39- Magazine reading habit of students:
State Board West Zone..............................................................91

Graph 4.40- Magazine reading habit of students:
Over-all picture..........................................................................92

Graph 4.41- Use of e-media by students:
CBSE Schools.............................................................................94

Graph 4.42- Use of e-media by students:
State Board Schools.....................................................................95
Graph 4.43- Use of e-media by students:
Over-all picture...............................................................97

Graph 5.1- Teachers' View: Consultation with the librarians........104

Graph 5.2-Teachers' View: Whether librarians are
invited to the class for assigning projects.................................105

Graph 5.3-Teachers' View: Whether teachers
want librarians to help..........................................................106

Graph 5.4-Teachers' View: Whether students are
suggested to consult librarians for selecting information sources......107

Graph 5.5-Teachers' View: Whether teachers consider
library use as one of the criteria for project evaluation...............108

Graph 5.6-Teachers' View: Suggested information sources
CBSE North Zone......................................................................110

Graph 5.7- Teachers' View: Suggested information sources
CBSE South Zone.....................................................................110

Graph 5.8- Teachers' View: Suggested information sources
CBSE East Zone......................................................................111

Graph 5.9-Teachers' View: Suggested information sources
CBSE West Zone......................................................................111
Graph 5.10- Teachers' View: Suggested information sources
State Board North Zone..............................................................112

Graph 5.11- Teachers' View: Suggested information sources
State Board South Zone..............................................................113

Graph 5.12- Teachers' View: Suggested information sources
State Board East Zone..............................................................113

Graph 5.13- Teachers' View: Suggested information sources
State Board West Zone..............................................................114

Graph 5.14- Teachers' View: Suggested information sources-
Over-all picture..........................................................................115

Graph 6.1- Percentage of students who have given
right titles for various information sources:
School-wise............................................................................122

Graph 6.2- Percentage of students who could give
right titles of the sources- Over-all Picture .........................122

Graph 6.3- Percentage of students as far as
their knowledge about information search strategy..............129

Graph 6.4- Students' Responses: Knowledge about
search strategy: Over-all Picture .............................................130
Graph 6.5- Percentage of students responded to the definition of primary sources of information: School-wise.................134

Graph 6.6- Students’ responses for primary source of information Over-all Picture.....................................................................................................................135

Graph 6.7- Percentage of students responded to the definition of secondary sources of information: School wise.........................................................................................................................137

Graph 6.8- Students’ responses: Definition of secondary sources of information- Over-all picture.................................................................138

Graph 6.9- Students’ View: Percentage of students who chose ‘authenticity’ as the evaluation criteria- School-wise.........................................................................................140

Graph 6.10- Students’ View: Percentage of students who chose ‘currency’ as the evaluation criteria- School-wise ..........141

Graph 6.11- Students’ View: Percentage of students who chose ‘Easy to use’ as the evaluation criteria- School-wise.........................142

Graph 6.12- Students’ View: Percentage of students who take Guidance from teachers and parents- School-wise.................................................................................143
Graph 6.13- Students’ View: Percentage of students who ‘randomly’ choose information sources- School-wise.............144

Graph 6.14- No/percentage of student respondents who do not know how to evaluate sources .............................................145

Graph 6.15- Students’ View: Evaluating Information Sources- Over-all Picture.................................................................150

Graph 6.16- Students’ View: Criteria considered for evaluating Information Sources - Over-all Picture .......................151
