# CONTENTS

**CHAPTER I : INTRODUCTION.**

1. Issues pertaining to fertiliser production 1
2. Issues pertaining to distribution of fertiliser 2
3. Issues pertaining to use of fertilisers 4
4. Scope of the present study 5
5. Data base 5
6. Limitations 6
7. Chapter scheme 8

**CHAPTER II : GROWTH OF FERTILISER INDUSTRY IN INDIA 10-48**

1. Demand for Fertilisers 10
2. Industrial policy of the Government 16
3. Pattern of Growth 20
4. India's place in the world fertiliser scene 37
5. Process technology 40
6. Conclusion 46

**CHAPTER III : PROCESS TECHNOLOGY FOR FERTILISER MANUFACTURE 49-80**

1. Development in process technology 49
2. Raw material and intermediate based processes 51
3. Process differentiation based on design of the plant 55
4. Effect of capacity utilisation 60
5. Complex fertiliser processes, variation in grades and input coefficients 64
6. Choice of process technology 67
7. Technological advancement and capital input 70
8. Conclusion 78

CHAPTER IV: LOCATION OF FERTILISER PLANTS 81-109
1. Pattern of plant location 81
2. Locational efficiency 84
3. Weber's material index and its modified form 87
4. Construction of material index 90
5. Analysis of results 94
6. Conclusion 102
7. Appendix 4.1 103-109

CHAPTER V: FERTILISER PRICING AND DISTRIBUTION POLICIES 110-156
1. Distribution of fertilisers 110
2. Price control and mechanism of price fixation 120
3. Fertiliser price stabilisation policy 124
4. Fertiliser transport cost equalisation policy 146
5. Conclusion 155

CHAPTER VI: A MODEL FOR TRANSPORT COST MINIMISATION 157-189
1. Transportation model for fertiliser distribution 159
2. Economics of Rationalisation in the distribution system 162
3. Conclusion 176
4. Appendices VI.1 to VI.6 177-189
