ACKNOWLEDGEMENT

I express my sincere appreciation to Dr. Mohammad Khalid Azam and Dr. S.P. Narang for their guidance and insight throughout the research. They were always there to listen and to give me the best of their advice. They showed me different ways to approach a research problem and the need to be persistent to accomplish my goal. They are most responsible for helping me complete the writing of this thesis as well as the challenges of research that lies behind it. Without their constant guidance I could not have finished this research work.

It has been highly enriching experience to complete my thesis under the esteemed guidance of Dr. Mohammad Khalid Azam and Dr. S.P. Narang. It has been possible to achieve the perfect blend of valuable experience and indispensable knowledge gathered from theoretical and practical knowledge. Moreover the much needed work ethics and culture have been inculcated carefully over the period of completion of the thesis and the relevant study and findings.
