I am grateful to all those who were instrumental in pursuing this research work of mine and in successfully completing it.

I would like to thank Dr. Chokhalingam, former Vice Chancellor, Manonmanium Sundaranar University, for the encouraging support he gave me all through the research. I thank sincerely Dr. Cynthia Pandian, Vice Chancellor and Dr. P Chellathurai, Registrar, Manonmanium Sundaranar University, for having given me the consent to carry out this Doctoral study.

I am deeply indebted to my supervisor Dr. S. Thamarai Selvi, Professor and Head, Department of Information Technology, MIT Campus, Anna University, Chennai, for supervising the research work, scrutinizing the research module and being a constant source of encouragement. Her prompt and timely guidance have helped me greatly to complete this research work. I find no words to express my indebtedness to her for inspiring me consistently and spending a great deal of her valuable time on this work. I express my gratitude to all her family members for their kind hospitality during the discussion of this research. I thank my Co-guide Dr R. Kala, Reader, Department of Mathematics, Manonmaniam Sundaranar University, Tirunelveli, for the valuable guidance and support rendered towards the completion of this thesis.
I wish to thank Dr C. Sadasivam, Professor and Head, Department of Computer Science and Engineering, Manonmaniam Sundaranar University, Tirunelveli, who was the source of inspiration for my research activity and whose encouragement sustained me throughout the research work.

I also thank Dr P. Sheik Abdul Kader, Professor and Head, Department of Computer Applications and Dr. K.M. Abubacker, Assistant Professor in Mechanical Engineering, B S A Rahman Crescent Engineering College, Chennai. They gave me valuable suggestions in programming and documentation of my findings. Their motivation has reassured me and sustained my effort in the completion of this research work. I wish to thank specially Dr T. Thiagarajan, Professor and Head, Department of Instrumentation Engineering, MIT, Chennai for giving the valuable suggestions for the achievement of better results. I am also greatly indebted to some of the faculty members of TBAK College for Women, Kilakarai and Madras Institute of Technology, Anna University, Chennai for their continuous motivation and insightful comments in the course of this work.

I profoundly thank the Founder Dr B S Abdur Rahman, Correspondent Dr Rahmathunisa, Secretary Alhaj Khalid A K Buhari and the Principal Prof Sumayaa of TBAK College for Women, Kilakarai for the hopes bestowed in me and their constant support in my endeavors.

I acknowledge my indebtedness to Mr E. Mahendran, Project Assistant, DRDL and Mr R. Ramesh, Network Engineer, MIT Campus, Anna University,
Chennai for their cooperation and assistance in solving any problem that I faced in the Laboratory.

The General Manager of the Seethakathi Trust Mr. V.N.A. Jalal deserves a special mention. He helped me in getting a conducive ambience for my research work. Thanks to Ms A Sahaya Josephine Mary, Assistance Professor of English, T B A K College for Women, Kilakarai for the help rendered in proofreading and correcting grammatical errors.

Last, but not the least, I thank my family: my parents for having raised me up and given me good education and for their encouragement to pursue my interests, my brothers and sister, for sharing their experience of the dissertation writing, for instilling hope and confidence in myself, my Husband, for his unconditional support and keen interest in the successful completion of my research work, for reminding me that my research should always be useful and serve good purposes for all humankind, my children and my relatives for their prayers and wishes in completing this research work at the earliest.

A.R.Nadira Banu Kamal
